CAMERON, MILAM COUNTY, TEXAS, THURSDAY, MARCH, 13, 1919

NUMBER 45

## \$60.00 BONUS FOR DISCHARGED SOLDIERS

Secretary E. A. Wallace of the Milam County Exemption Board Issues Statement.

Attention! Discharged soldiers. Attention! We are directed to give wide publicity to the following:

\$60.00 bonus to be paid to soldiers discharged since April 6, 1917.

Section 1406 of the Revenue Act approved February 24, 1919, authorizes the payment of a bonus of \$60.00 to officers, soldiers, field clerks and nurses of the army upon honorable separation from active service by discharge, resignation or otherwise.

Those who are discharged hereafter will receive this bonus on the same roll or voucher upon which they are paid their final pay.

Those who have been discharged and have received their final discharge pay without the \$60.00 bonus should write a letter to the Zone Finance Officer, Lemon Building, Washington, D. C., stating their service since April 6, 1917, and date of last discharge, and their present address to which they desire their bonus checks to be sent, and enclosing with this letter their discharge certificate, or military order for discharge, and when both were issued.

Upon receipt by the Zone Finance Officer, Washington, D. C., of this information and the soldier's discharge certificates, this officer will cause checks to be drawn and mailed to the claimants in the order in which their claims were received by him. This discharge certificate will be returned to the soldier with the check.

It is estimated that at least one million and a quarter persons have been discharged from the service who are entitled to the benefits of this act and while payments will be made as expeditiously as possible, it will manifestly take considerable time to write and mail this many checks.

Any additional information, or assistance that this Board can give will be cheerfully given upon application to us.

E. A. Wallace, Secretary,  
Local Board, Milam County.

## FIFTH SUNDAY MEETING TO BE HELD IN CAMERON

The quarterly meeting of Milam County Baptist Association will be held in Cameron, Thursday night, March 27th, to Sunday, March 30th. An interesting program has been prepared, which covers many practical phases of church work, and good speakers will discuss these subjects. The public is cordially invited to all these meetings.

B. B. Blaylock,  
Moderator, Milam County Baptist Association.

## Civic League Monthly Meeting

Friday afternoon, March 7th at 3:30 o'clock in the parlors of the Auditorium Hotel the monthly meeting of the Civic League was held.

Mrs. Jim Watson, president of the league called the meeting to order and business began. It was decided to have members of the league superintend the trash wagon that the city under the solicitation and management of the league is sending around each Tuesday in the month. These were to be appointed by the president at her own convenience.

On account of the few members present it was decided best to put off some important items of business until the next meeting which is to be the first Friday in April. All members are urged to come to this meeting.

The following financial report was sent in by the treasurer, Mrs. R. S. Boykin:

Amount on hand Feb. 1.....	\$114.40
Expenditures for February:	
Federation Dues.....	1.00
Planting shrubs in park.....	5.50
Bal. on hand.....	\$107.90

Miss Mary Popperwell of the State Educational Department, at Austin, visited our schools yesterday. Miss Popperwell, it will be remembered, was at one time a member of the city school faculty.

## MUSICAL TREAT IN STORE FOR CAMERON

Vernon Dalhart, Gifted American Tenor, To Appear Here On March 28th.

To the delight of music lovers in Cameron and Milam county the announcement has been made that the Cameron Symphony Club will present Vernon Dalhart, the gifted American tenor, in a recital at the high school auditorium Friday, March 28th at 8:30 p. m.

Mr. Dalhart made his debut with Savage's "Girl of the Golden West" and as a result of his sterling work was engaged to sing the leading role in Gilbert and Sullivan's "Pinafore." The critics have been unanimous in their praise of Mr. Dalhart's singing. He has an exceptionally good tenor voice, sweet and clear and knows how to use it. He is rightfully proud of the fact that he is American born and has received all his training here. He forcefully illustrates that distinct success can be obtained without European name or reputation. Mr. Dalhart has toured the United States and Canada and in almost every city he has been immediately re-engaged for a return concert. His repertoire is large and varied. He may soon be numbered among the stars of the concert and operatic world. It is rumored that Mr. Dalhart will attempt the seemingly impossible feat of singing a duet with himself. Can it be done?

This announcement will be glad-some news, an opportunity to hear a singer with the reputation of Mr. Dalhart is seldom offered to cities the size of Cameron.

## MRS. SARAH ALBRIGHT CLAIMED BY DEATH

The sad news of the death of Mrs. Sarah Albright, aged 95 years, was announced in Cameron last Tuesday afternoon, her death having occurred at 5 p. m.

Mrs. Albright was the mother of Mrs. W. H. Triggs of this city, and grandmother of Will O. R. A. and Claude Triggs of Cameron and A. J. Triggs of Rosebud.

The maiden name of Mrs. Albright was Sarah Y. Jones, she was born in Kentucky in 1824 and with her parents moved to Missouri at an early age. She was married to Rev. A. Albright in 1861, who was a member of the Missouri Methodist Conference and a minister of the gospel in that state for a number of years. In 1870 the Albrights came to Texas and settled in Galveston, having been transferred to this point by the M. E. Conference. In 1875 Rev. Albright was elected to the chair of German in the Southwestern University in Georgetown, which he accepted. After one year in this chair Dr. Albright died in 1875.

Since the death of her husband Mrs. Albright has made her home with the family of her daughter, Mrs. W. H. Triggs. This family moving from Williamson county in 1899 to Milam county, having spent the intervening time in the former county.

There were three children born to Mr. and Mrs. Albright, one of which is dead, the others being Mrs. W. H. Triggs of Cameron and George Albright.

The deceased professed her faith in the Almighty when a mere child and lived a life that almost reached the century mark with the ideals of this early profession as her guiding star. Few are those whose life has been prolonged as Mrs. Albright's and been blessed with the love from a family so dear as those who have made her life so pleasant.

The funeral was held Wednesday at 3 p. m. from the home of W. J. Triggs, 310 E. 23rd Street, conducted by her pastor, Reverend Walter Habin of the First Methodist Church of Cameron, assisted by the Reverend B. B. Blaylock of the First Baptist Church. The active pallbearers were Monta Thomas, Arthur Baskin and her four grandsons, William O. Triggs, Albert Triggs, Claude Triggs of Cameron, and A. J. Triggs of Rosebud. Interment following thereafter in beautiful Oak Hill Cemetery.

## COMMERCIAL CLUB VISITS ROCKDALE TUESDAY NIGHT

Enthusiastic Get-Together-Meeting Results In United Effort For Milam County As a Whole. New Highway Proposed That Will Open Big Trade Territory.

In response to an invitation from the Rockdale Chamber of Commerce extended to the Cameron Commercial Club last Saturday, a crowd numbering at least thirty-five or forty, attended a meeting of the former organization in that city Tuesday night of this week. To say that the trip was an enjoyable one would be a mild way to put it. The party left Cameron in cars about 7:30 o'clock and arrived in the little city about forty-five minutes or an hour later without a mishap.

A warm reception awaited the Cameron crowd. Nothing but the very best feeling of brotherly love was extended to the visitors.

After a few minutes spent in greetings the actual business session of the joint meeting of the two clubs was taken up.

President E. A. Camp of the Rockdale Chamber of Commerce called the house to order and invited President Robert McLane of the Cameron Commercial Club to a seat of honor at the chairman's desk. Attorney Camp in his usual eloquent and flowery manner extended an earnest and cordial welcome to the visitors from Cameron and other points. His first words were those that made the meaning of the joint meeting clear to every one present, that was, that Cameron's sister city, Rockdale, had called the boys over to "bury the hatchet" and "declare peace." Peace forever and a day, the abolishment of "no-man's-land" and the signing of an armistice.

President McLane made the opening address in behalf of the Cameron Commercial Club and assured the Rockdale Club that their hospitality was highly appreciated.

Speech making was first in order and Attorney W. W. Chambers was pointed out by Mr. McLane as the star speech maker of the Cameron crowd, declaring that he was the guardian and a man whose services with the club were indispensable. Mr. Chambers was called on and delivered a very impressive address. The fact that he is among the older citizens of the county and is so well and favorably known all over the county he proved to be a very good entertainer.

County Judge W. G. Gillis was next called by the chairman and this is one member of the Cameron Commercial Club that can be depended on to clear the muddy waters. Judge Gillis declared that it was a splendid occasion when the citizenship of Rockdale and Cameron could meet together in such a manner. He declared that Milam county was big enough for both towns and if we would all pull together we could have best system of highways of any county in the entire state of Texas. Judge Gillis declared that the time was upon us when the hatchet should be buried, he said that Cameron was over to bury it and knew that Rockdale was ready to do so and believed that both towns were ready to bury the fellow that digs it up. "However, my friends," declared the speaker, "I want right here and now to get at least as many as are present here tonight straight on some matters regarding the Rockdale bond issue and some matters pertaining to same that have been seen in print."

"Nearly two years ago three Cameron business men secured a bid of par and accrued interest for the Rockdale road bonds. This offer was communicated to the Rockdale Road Committee and was rejected by them after quite a lengthy consideration. Later when it was seen that the bonds could not be sold on a declining market, \$19,000 of the bonds were sold to local parties, the Rockdale banks took \$9,000 and the sinking fund of the Cameron Road District took and now hold \$10,000 of the bonds. The Commissioners' Court not only bought ten

of the bonds but also leased the county convict outfit to the Rockdale Road District and this enabled the district to put up the splendid grade work that is now ready for the gravel or crushed rock.

But a few days ago, a sale of the remainder of the issue was consummated at par and accrued interest. This sale was arranged through the Rockdale State Bank and certain business men both of Rockdale and Cameron. Thus it will be seen that Cameron and the Commissioners' Court have been ready and willing to assist Rockdale at all times. The Court now stands ready to co-operate with your commissioner and your road committee to the end that you shall get full value for every dollar spent upon your roads."

Judge Gillis in completing his most splendid address, referred to the constitutional amendment whereby the State would be in a position to vote \$75,000,000 in bonds for State highways.

Referring to the State highways Chairman Camp explained that the only business that the Rockdale Chamber of Commerce wanted to transact during the evening was to enlist the Cameron Commercial Club in a project to build a road from Giddings in Lee county up through Lexington, in Milam county to Rockdale, Cameron, Ben Arnold, Burlington through Falls county into Waco. He explained that it was possible to have this road designated as a State highway and secure State aid. This matter was discussed at length and disposed of finally by a motion prevailing to have the road committees from every commercial club in towns that this project would effect get into communication with each other and arrange a general meeting, the purpose of which would be to get this road designated as a State highway and procure state aid for the construction of same.

After the final disposition of this road matter the "wind jamming" began. Orators who had never been heard of sprang into prominence, Demosthenes, Plato and Aristotle were impersonated, in fact they were outstripped.

Royal P. Jeter and U. S. Hearrell proved to be good entertainers for the crowd of about 200 people who had assembled. There were numbers of others who "did the best they could," which was better than a number who could not face the music at all.

The hospitality of the Rockdale people will long be remembered by Cameron, every fellow was made to feel that he was at home and mingling with his own people.

The Rockdale Chamber of Commerce was organized about a month ago and if their progress is in keeping with the start they have made, "Watch Rockdale Grow."

## REVIVAL MEETING AT BAPTIST CHURCH

We will begin our spring meeting on Sunday, April 6th. The meeting will be conducted by the pastor and his local forces. We hope to have an old fashioned Holy Spirit revival. One that makes the saints rejoice and the sinners weep.

We invite the Christian people of our town and community to participate with us in this meeting. Your co-operation is earnestly desired. We especially invite the singers of the various churches to assist us with the music.

We trust you will begin to pray for the success of the meeting. Make your plans to fit into the meeting, and feel that it is your meeting, for it will be held in the interest of the spiritual forces of our community.

B. B. Blaylock, Pastor.

## BLACK BILLY SUNDAY FIRES HIS BIG GUN

Noted Negro Evangelist Arrives In Cameron And Starts Big Campaign.

Very large crowds of both white and colored folks are flocking to hear "Black Billy Sunday" the noted old-fashioned negro revivalist, nightly at the Cameron Grove Baptist church, who is leading a big old fashioned revival meeting. Aside from the large attendance of negroes many coming from the nearby communities to hear this gifted negro revivalist, whose burning eloquence, wit and humor, has thrilled thousands in every section of the county, there are many influential white citizens at each service as profited worshippers and they are taking deep interest in the meetings and are lending their moral support in the campaign for the moral and religious uplift of the negro race. The gospel song services that precedes the sermons each evening are a special feature of the most talented negro vocalist in Milam county, and their singing of the famous Billy Sunday songs, plantation melodies and camp meeting hymns is worth going miles to hear.

During the week Black Billy preached several of his famous sermons, among them, "Chickens Will Come Home to Roost," in which he drew a striking lesson from a chicken, after straying away from the old barn yard would always return at the close of the day to their old roosting place. So he said, sin like chickens, would find us out unless blotted out in the blood of the atoning lamb.

The negro revivalist painted a graphic word picture of secret sins long forgotten coming home in the sunset of life to taunt the sinner with bitter remorse. Black Billy closed this powerful message with an earnest plea with his hearers to quit their meanness and get right with God.

It has been the custom of Black Billy to hold a special service in honor of the former slave owners and Confederate soldiers, when he speaks exclusively to white people. Already arrangements are under way to secure the county court house for Sunday afternoon March 23rd, when the white people of Milam county can hear one of the foremost negro preachers of the day, a man that has spoken to more people than any other negro in America, saving the late Booker T. Washington, and he is doing more to adjust the race problems in a safe, sane and effective way by the ethical teachings of the gospel as taught in the "Sermon on the Mount."

Wherever Black Billy goes it is said the community has been greatly benefited, the moral atmosphere is decidedly better and the negro sees that it is to their interest to co-operate with their white neighbors in the interest of civic decency. Thousands of ministers, public officials and influential men of both races are loud in their praise of Black Billy and the work he is doing. The effects of his marvelous sermons are already having a decided effect in the community.

Pastor Lofton extends an invitation to the many white friends to attend the services and hear this gifted negro preacher.

## VICTORY LOAN WORKERS TO RECEIVE MEDAL

Every worker connected with the Victory Liberty Loan Campaign will receive a medal made from captured German cannon. The medal will be the size of a fifty cent piece, will have a reproduction of the Treasury Department on one side and a certification on the other that the owner has participated in the Loan. A space will be left for engraving the name of the recipient.

In an interview today, Frank M. Smith, Federal District Director of the War Loan Organization, said that he knew of nothing better calculated to stimulate interest amongst the workers than this plan. Several prominent workers on being advised of the matter said not only would they want to wear the medal, but hoped that it would be handed to their children's children.

## "MODERN METHODS" SLOGAN OF JETER

Local Lumber Dealer Takes Steps Of Progress To Give Customers Service.

A person could write a great deal about the "Advance of Progress," as exemplified in the changes that are taking place in the conduct of every business and calling in America.

The march of progress is not halted by the man who insists on running his business on the same policies and along the same line such business were run twenty-five years ago, but that merchant, farmer, banker, manufacturer or what-not is left behind to wonder "what we are coming to, anyway!" while the up-to-date top-notch business man, falling in step with progress keeps abreast of the times by keeping his business "up to the hour" to better serve the ever changing demands of his trade.

One such concern—and one, by the way, that keeps just a little ahead of old progress, is the Jeter Lumber Company. This enterprising firm, always on the lookout for a better way to serve their customers, have recently had made up an album of photographs of real homes, with a floor plan of each house shown, so that the home builder can see just what the house will be like and can select the arrangement of rooms to suit the location of the lot. Then, when a home is selected, they have the blue prints, showing just how the house is to be built, together with specifications to govern the work of building, all of which saves the customer the expense of an architect and the worry of possible misunderstandings after the work is begun. All of this they furnish free to their customers.

In their office a Herald representative this week looked over the album of homes, and in it are houses to fit any location, with the proper room arrangement for an east, west, south or north front. In fact, whichever way your lot faces they have a plan that will fit, with a room arrangement to get the most comfort and convenience out of the house. And these plans are all of strictly modern homes, too.

The building public should appreciate this firm—as their large and loyal list of customers shows they do.

## ACCEPTS POSITION WITH GEO. A. TOMAS & SONS.

C. W. Read, better known in Cameron as "Billie" Read, has accepted a position as prescription druggist with Geo. A. Thomas & Sons. Read was formerly proprietor of the Palace Drug Store in this city, after the war broke out sold his business and entered the service of Uncle Sam, spending months in the Navy, on U. S. S. Vicksburg and in the government at Mare Island. Mr. Read is a druggist of wide experience, he is a gentleman in particular and his many friends in Cameron will be glad to know that he has returned and will remain here.

## Big Kindergarten Rally.

Every member of the Federated Women's Club, Mothers' Club, W. C. T. U., Y. W. C. A., Suffrage Association, Council of Jewish Women and Catholic Women's Societies will talk and work for the kindergarten cause. The campaign will open with a big rally in Fort Worth, March 22nd, with an afternoon and evening session. Miss Mable M. Osgood, director of kindergarten department, College of Industrial Arts and State Chairman of Kindergarten section State Teachers' Association, will preside. Mrs. C. W. Connery, president of the Texas Federation of Women's Clubs and Chairman of the program committee, Mrs. E. A. Watters, president of the Congress Mothers and Parent-Teachers Association and State Chairman of the Child Welfare Section National Council Defense, and Mrs. A. B. Griffith, chairman of the kindergarten department of the Texas Federation of Women's Clubs and also chairman of the kindergarten committee of the General Federation of Women's Clubs will extend greetings. Speakers of note from all sections of the state will address the rally.

## TEACHERS SHOULD GET AT LEAST \$1,500 A YEAR

This Is the Only Way To Get Men  
And Women Of Superior Ability  
For Our Schools.

Doubling the salaries of teachers within the next five years, and then adding 50 per cent before another ten years have passed, so that the minimum average salary for teachers will be \$1,500—this is the program urged by Dr. P. P. Claxton, United States Commissioner of Education, Dr. Claxton says:

"It is only by very large increases in pay of teachers that we may hope to improve our schools appreciably. Small increases of 5, 10 or 20 per cent will not avail, for the schools men and women of superior ability.

"Teachers are now paid less for workers, and the increase in the pay workers, and the increase in their pay of other workers or with the increase in the cost of living. While the cost of living has increased approximately 80 per cent—food 85 per cent, clothing 106 per cent, drugs 103 per cent, fuel 53 per cent and house furnishing goods 75 per cent—the salaries of teachers have increased only about 12 per cent. The purchasing power of the salary of the teacher in our public schools is, therefore, only about per cent of what it was four years ago.

"Many of the better teachers are leaving the schools and their places are taken by men and women of less native ability, less education and culture and less training and experience. Many of the places are not filled at all. As an inevitable result the character of the schools is being lowered just at a time when it ought to be raised to a much higher standard.

"Students now entering the normal schools to prepare for teaching are not as good quality as they were formerly, which means that the standards of the schools must continue to fall. In some normal schools the enrollment is far less than in former years.

"The only remedy is larger pay for teachers. If school boards, legisla-

tors and county and city councils would immediately announce the policy of doubling the average salary of teachers within the next five years and of adding not less than 50 per cent more within the ten years following the expiration of this period, so that at the end of fifteen years the average salary of public school teachers would be not less than \$1,500—about one and a half times larger than they receive at present—and then take steps for carrying out this policy, much good would be accomplished thereby at once.

"Such a policy and such a prospect would attract to the schools more men and women of superior ability, and would hold them, working contentedly and therefore, profitably for the children and the public welfare. Such increase in salary should carry with it an increase of not less than 25 per cent in the average length of the school term, which is now less than 160 days.

"To those who are not acquainted with past conditions and who have given the matter no intelligent thought, the increase recommended may seem large, but in fact it is not. It would in most States mean a range of salaries from \$1,000 to \$3,000. No person who is fit to take the time and money and opportunity of the children of this great democratic Republic for the purpose of fitting them for life, for making a living and for virtuous citizenship should be asked to work for less than \$1,000 a year in any community or in any State. No one who is unworthy of this minimum salary is fitted to do this work and no such person should be permitted to waste the time and money of the children and to fritter away their opportunity for education.

"It is not for the sake of the teachers that this policy is advocated. Schools are not maintained for the benefit of the teachers. If men and women of ability are not willing to teach for the pay offered them they can quit and do something else for a living, as hundreds of thousands of the best do. It is for the sake of the schools, the children and the prosper-

ity of the people and the strength and safety of the Nation that the policy is advocated."

## ATLANTA BUSINESS MAN IS ENTHUSED

Since Taking Tanlac Almand Says He  
Feels As Well As He Ever  
Did.

"If you had seen me before I began taking Tanlac you would hardly believe me to be the same person," said A. F. Almand, a well known seed merchant of 271-3 Peters Street, Atlanta, Ga.

"For more than a year," he continued, I suffered terribly with stomach trouble. After eating anything I would always have gas on my stomach and would constantly belch up my sour, undigested food. I suffered with heartburn constantly and was extremely nervous, my liver was sluggish and I was bilious, too, I felt tired and often felt so bad that I could hardly attend to my business properly.

"I heard so many people praising Tanlac that I began taking it, too, and by the time I had finished my second bottle I had gained nineteen pounds. I never suffer now with heartburn or indigestion and am not nervous like I was before, I sleep well and get up in the morning feeling fine and ready for a hard day's work."

Tanlac is sold in Cameron by the New Cameron Drug Company.

## SELECTING, TREATING AND BEDDING SWEET POTATOES

By E. A. Miller, Sweet Potato Specialist, Extension Service, A. & M. College of Texas.

A great many inquiries are being received by the Extension Service from growers, about the proper treating and bedding of sweet potatoes. As it will soon be time for bedding, the writer herewith desires to give the following important points in regard to the growing of good sound slips, free from diseases and insect pests.

Selecting Seed Potatoes: Some of the worst sweet troubles, such as the black rot and sweet potato weevil are often carried from seed beds, by way of the slips to the fields, and from the field to the storage houses or banks, making a complete round every year where allowed to do so. From this it can be seen, how important it is to start with good clean seed and thereby avoid most of the trouble as experiments have shown, that by carefully selecting and treating the seed and then planting the slips in a field where no diseased potatoes have been grown, that it is easy to raise good sound potatoes such as the market demands and which will keep well in the storage houses. On the other hand by not selecting and treating the seed, or by planting in the same field year after year, the disease will constantly get worse. It cannot be too strongly emphasized that the seed should be carefully selected and treated.

The proper place to select seed potatoes is in the field at digging time, using the hill as a unit and selecting the seed from the best hills, which have the greatest number of good uniform marketable potatoes. Each grower should have a breeding plat-

J. D. DOBBINS

Seventeen Years  
the Favorite  
Grocer in Cameron

minutes in a solution of one ounce of corrosive sublimate to eight gallons of water. This solution will kill all disease spores on the outside of the potatoes, and they are often covered with such spores, but the solution cannot reach the disease after it has gone through the skin. For this reason it is absolutely necessary to first discard all potatoes having black or diseased spots, and then dip the rest. After treated they are ready to be placed in the seed bed, far enough apart, so that they do not touch, or allowed to dry, and then covered with three inches of good soil.

The slips should be dipped in the same solution before being planted. The slips are merely rinsed and then the water shaken off.

Selecting and treating the seed is so extremely important and so very simple that it is hard to understand why some growers still neglect to attend to this and prefer to take a chance on not having any diseases to contend with, which is like playing with fire.

Preparing Seed Bed.  
A good way to make the seed bed is to build a frame of 1x12 inch boards raising them two high on the north side and thereby giving the frame a good slope. The soil should be removed to a depth of six to eight inches inside the frame and four to six inches of fresh manure placed in the excavation preferably horse manure, from animals that have not been fed diseased potatoes. Then three to four inches of good soil is placed on the manure. In a few days when the temperature of the bed is between 75 to 90 degrees, it is ready to receive the potatoes. These are then covered with about three inches of good soil and kept moist. During cold days and nights the beds should be covered with canvass.

A well drained place, where no potatoes were grown before, should be selected for the seed beds. If possible have the beds sloping to the south, so as to get the maximum amount of sunshine. It is also important that the potatoes themselves are placed a

little above the level of the surrounding soil, in order not to get too wet in case of rainy weather.

By following these directions the growers should be able to raise good sound slips, which will pass inspection and be really worth something.

The Quinine That Does Not Affect The Head  
Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness nor ringing in head. Remember the full name and look for the signature of E. W. GROVE. 25c.

## BATTLE CASUALTIES TOTAL 240,198 MEN

Figures Announced By General March  
1,390,000 Americans In Actual Fighting.

Americans troops actually participating in engagements against the enemy numbered 1,390,000 men. General March has announced showing that 1,100,000 comprised divisional troops and divisional replacements; 240,000 corps and army troops, and 50,000 service of supply troops.

Battle casualties of the American army in France as shown by revised divisional records, announced last Saturday by General March, totaled 240,197. These include killed in action, wounded, missing in action and prisoners. There probably will be some slight further revision as final reports are received.

The Second Regular Division showed the greatest losses in the revised list, with 24,429. The First Division came next, with 23,973. The 28th (Pennsylvania) led National Guard and National Army divisions, being fourth in the list, with 14,417. The 32nd (Michigan and Wisconsin) was fifth, with 14,268.

In the new list the 42nd Division (Rainbow) reported a total of battle casualties of 12,252; the 77th (New York: Metropolitan National Army) 9,493; the 26th (New England,) 8,955; the 27th (New York) 7,910; the 30th (Tennessee, North Carolina, South Carolina,) 6,893.

The battle casualty figures now announced include the totally wounded, which were not included in the tables of major casualties recently made public by the war department. The new list includes: 90th (Texas and Oklahoma,) 9,710; 82nd (Georgia, Alabama, Tennessee,) 8,300; 35th (Missouri, Kansas,) 7,745; 89th (Kansas, Missouri, South Dakota, Nebraska, Colorado, New Mexico, Arizona) 7,093; Third (regular) 16,355; Fourth (regular) 12,948; Fifth (regular) 8,280; 78 (Western New York, New Jersey, Delaware) 8,133; 33rd (Illinois) 7,860; 29th (New Jersey, Delaware, Virginia Maryland, District of Columbia,) 5,972; 91st (Alaska, Washington, Oregon California, Idaho, Nevada, Montana, Wyoming, Utah,) 5,838; 80th (Virginia, West Virginia, Western Pennsylvania,) 5,133; 37th (Ohio) 4,303; 79th (Pennsylvania, Eastern Maryland, District of Columbia,) 3,333; Seventh, regular) 15,46; 81st (North Carolina, South Carolina, Florida, Porto Rico,) 10,62; Sixth (regular,) 285; 88th (North Dakota, Minnesota, Iowa, Western Illinois,) 63.

### Dixie Lyceum Number

We want you to hear Rauph Parlette's humorous and philosophic lecture tonight, March 13th at the high school auditorium. Parlette's coming is a big event for this community. More than two million people have paid to hear him lecture the past twenty years and today he cannot fill all engagements offered him. We are fortunate.

We are your own fellow citizens, selling the tickets and assuming the responsibility in order that this community may hear a great lecture. You will find Parlette's lecture as entertaining as a show, as helpful as a sermon, and you will never forget it. Think of the entertainments you have forgotten. Here is one you will never forget.

Postpone your engagements to hear Parlette. Take all the family. Don't let people tell you next day, "You missed the best thing of your life last night."

Under the auspices of the Young Woman's Business League.

### Shows Good Report

County Auditor Giles L. Avriett has compiled the following statement showing the fund balances in the following funds of date March 6th, 1919, as compared with the balances of date January 6th, 1917, when the audit was made at that time by the Audit and Bonding Company of St. Louis.

Balances January 6, 1917.  
General fund, credit.....\$ 3520.18  
Road & Bridge, overdrawn..... 28014.91  
R. & B. No. 1, overdrawn..... 1428.21  
R. & B. No. 2, overdrawn..... 2020.86  
R. & B. No. 3, overdrawn..... 412.45  
Balances March 6, 1919.  
General fund, credit.....\$39069.67  
Road & Bridge, credit..... 2333.78  
R. & B. No. 1, credit..... 906.17  
R. & B. No. 2, credit..... 1134.87  
R. & B. No. 3, credit..... 2243.00

The above report shows quite an improvement in these various funds since Mr. Avriett has been inducted into the office of County Auditor.

Rev. J. Coy Williams and family of Rockdale and Rev. W. O. Weir, and family of Milano spent Tuesday with Rev. W. G. Harbin.

LITTLE "MONEY MAKERS" FOR THE FARM

The field for Poultry Raising hasn't been scratched yet, for never has there been such a demand for chickens as right now. Then why shouldn't every farmer get a share of the profits?

Nature's Incubator—the setting hen—is too slow to meet the present world-wide demands for poultry. On the other hand, a good incubator, properly managed, turns out a multitude of strong healthy chicks and is as important about the modern farm as a planter, cultivator or a Ford car.

If you haven't time to tend to it, buy one for Mother and the Girls and let them get a little of the immense profits in poultry raising.

The SAFETY HATCH Incubator, which we handle is one of the very best makes on the market; easy to operate and sure to give satisfaction.

This is the best season of the year for Artificial Hatching. Come in at once and talk it over with us.

## LOAN CAMPAIGN WILL OPEN ON APRIL 21

Increase In Interest Rate Over Former Issues Is Possible.

The Victory Liberty Loan campaign will open Monday, April 21, and close three weeks later, Saturday, May 10.

Secretary Glass has announced these dates together with the fact that short-term notes maturing in not over five years would be issued instead of longer term bonds. The amount of notes to be offered was not disclosed, but it has been generally understood that the loan would be for a minimum of \$5,000,000,000 with the Treasury reserving the right to accept all oversubscriptions.

Mr. Glass said the interest rate on the notes and the amounts to be exempted from taxation would not be determined until a week or two before the campaign, as they would be based upon financial conditions at that time. It was intimated, however, that the notes might bear interest in excess of 4 1/2 per cent, the interest rate on the third and fourth loans.

"After studying financial conditions in all parts of the country," said Mr. Glass, "I have determined that the interests of the United States will best be served at this time by the issuance of short term notes rather than of longer term bonds which would have to bear the limited rate of interest of 4 1/2 per cent."

"The Victory Liberty loan will, therefore, take the form of notes of the United States maturing in not over five years from the date of issue. These notes will be, as were the Liberty loan bonds, the direct promise to pay of the United States, will be issued both in registered and coupon form, and the coupon notes will be in final form and will have attached the interest bearing coupons covering the entire life of the notes. I am hopeful that the notes in final engraved form will be ready for delivery by the opening of the campaign on April 21.

"I am led to adopt the plan of issuing short term notes rather than long term bonds largely because of the fact that I believe a short term issue will maintain a price at about par after the campaign is concluded for more readily than would a longer term issue."

### Goodwin-McLerran Wedding

At the home of the bride's parents, Mr. and Mrs. S. W. McLerran of Jones Prairie on Monday night, March 10, occurred the marriage of Miss Beulah Louise McLerran and Mr. Benjamin Goodwin of Cameron.

Rev. B. B. Blaylock of the Cameron Baptist Church performed the ceremony.

mony that united this happy young couple.

Miss McLerran was born and reared in Jones Prairie and is well known in Cameron. She is a beautiful and talented young lady. Mr. Goodwin is the son of our fellow-townsmen, Mr. W. W. Goodwin, who has recently moved to Cameron from his farm near Rosebud. The young man is a fine young fellow and is at present a successful farmer.

Mr. and Mrs. McLerran left on the Sap for Waco for a few days visit after which they will reside on Mr. Goodwin's farm near Rosebud.

The best wishes of the people of Cameron go with this young couple in their new life.

**Ford**  
THE UNIVERSAL CAR

Ford cars have become such a world utility that it would almost seem as if every family ought to have its Ford car. Runabout, Touring Car, Coupe, Sedan, (the two latter have enclosed bodies,) and the Truck Chassis, have really become a part and parcel of human life. You want one because its service will be profitable for you. We solicit your order at once because, while production is limited, it will be first come, first supplied.

**Total Eclipse of Sun in May.**

The total solar eclipse, May 29, 1919, will be comparable with the eclipse of last summer in the long stretch of continental territory covered by the path of totality, though not in accessibility of places along the path. The track extends across South America at its widest part, and also across equatorial Africa. The duration of totality will be exceptionally long (six seconds or more). The Carnegie Department of Terrestrial Magnetism, Washington, is planning to send two expeditions to favorable points.

**Forty-Two Club With Miss Hardy**

An enjoyable afternoon was spent by the members of the "42" club and other invited guests with Miss Vance Hardy last Thursday.

The house was beautiful throughout—spring flowers made the rooms fragrant and lovely. In the reception hall carnations in red, white and pink hues were effectively used. The dining room and hall favored the narcissus and jonquils, while the living-room was lovely with pink hyacinths.

Amid all this beauty four tables of players bid and passed and bid again. Dainty score cards featuring parrots were passed and during the games, Jordan almonds in baskets, further carrying out the parrot design were placed on the tables for the enjoyment of the guests.

At the conclusion of the game it was found that Mrs. Jim Watson, who won low score at Mrs. Graves' party had redeemed herself by carrying off high score. The hostess assisted by Mrs. Mattie Batte served the following delightful menu:

Pressed Chicken  
Olives  
Fruit Salad  
Cheese Balls  
Marshmallow Pudding

The guests of the club were: Mesdames Jim Sampson, A. C. Strickland of Groesbeck, Frank Lesovsky, S. M. Burns, Jr., C. G. Overton of El Paso, W. T. Hefley, Arthur Aiken and Chester Farris of Arlington.

**Dinner For Distinguished Guest**  
Saturday evening, March 8th, Rev. W. G. Harbin gave a dinner in honor of Dr. A. J. Weeks, editor of the Christian Advocate, who was a visitor in the city.

The invited guests of the occasion were the board of stewards of the Methodist church of Cameron and the Methodist preachers of the county. Places were laid at the table for twenty, however, only thirteen attended. Rev. W. O. Weir of Milano being the only out of town preacher who responded to the invitation.

The table was in white and red and

the effect was beautiful. Red carnations and red shaded candles in crystal sticks were placed about the table. Cards with rabbits painted on them marked the places of the guests. Five courses were served by Misses Vance Hardy and Beulah Stiles.

During the evening talks were made by Revs. Weeks and Harbin and other visitors. Edison music under the management of Miss Jessie Guffey was enjoyed during the dinner.

The following young ladies prepared and served the dinner for Mr. Harbin: Misses Ruth Goddard, Beulah Stiles, Jessie Guffey, Kitty Cain,

Jewel Joslin and Vance Hardy.

**Presbyterian Endeavor Society Entertained.**

Tuesday evening Mrs. Hubert Atkinson entertained the Endeavor Society in her home. A lively bunch of some thirty young folks were present. The business of the society came first then games and fun, concluding with ice cream and cake.

**CITATION**

The State of Texas.

To the Sheriff or any Constable of Milam County—Greeting:

You are hereby commanded to summon Patrick G. Tarter, by making publication of this citation, once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the district court of Milam county, to be held at the court house thereof in Cameron, on the 5th day of May, A. D. 1919, the same being the first Monday in May, A. D. 1919, then and there to answer a petition filed in said court on the 3rd day of March A. D. 1919, in a suit, numbered on the docket of said court No. 7874, wherein Maude Iena Tarter is plaintiff and Patrick G. Tarter as defendant said petition alleging:

That plaintiff and defendant were married on or about the 20th day of March, 1913, in Travis county, Texas; that defendant without cause on or about the 17th day of February, 1914, in Milam county, Texas, left plaintiff with the intention of permanently abandoning her, and they have not since lived together; that plaintiff has for the last twelve months prior to date of filing of petition been an actual bona fide inhabitant of the State of Texas, and has resided in Milam county for six months next preceding said date. Plaintiff prays for judgment dissolving marriage relations, for costs, and general relief.

Herein fail not, but have before said court on the said first day of the next term thereof, with your return thereon, showing how you have executed the same.

Witness, Penn Wolf, Clerk of the District Court of Milam County, Texas Given under my hand and the seal of said court, in Cameron, this the 3rd day of March, A. D. 1919.  
(SEAL) PENN WOLF,  
Clerk of the District Court, Milam County, Texas. 44-4t-48

## ROAD BOND ELECTION NOTICE

State of Texas,  
County of Milam.

On this the 11th day of February, A. D. 1919 the Commissioners' Court of Milam county, Texas, being in special session came on to be considered the petition of O. R. Looney and 27 other persons praying that bonds be issued by Road District No. 17 of Milam county, Texas, in the sum of \$20,000 bearing interest at the rate of 5½ per cent per annum maturing serially; that is, one bond in the sum of \$666.66 2-3 to mature each year from the date thereof for 30 years, for the purpose of constructing, maintaining, and operating macadamized, graveled, or paved roads and turnpikes or in aid thereof.

And it appearing to the court that said petition is signed by more than a majority of the resident property tax-paying voters of said Road District No. 17, of Milam County, Texas, and said Road District No. 17 having been established by an order of the Commissioners' Court of Milam county, dated the 31 day of January, A. D. 1919, of record in book 6, page 478 of the minutes of the Commissioners' Court of Milam County, Texas, with in the following metes and bounds, to-wit:

Beginning at a point where the W. line of the Newsome Gwatney survey crosses the south bank of Little Pond Creek, said point being the N. W. corner of the 147 acres tract of land deeded by R. L. Batte to Atkinson & Yager; thence N. 60 E. 390 vrs. to corner of the B. P. Atkinson 210 acre tract; thence N. 30 W. 757 vrs. to the N. W. corner of said 210 acre tract; thence N. 60 E. 916 vrs. to the N. E. corner of said 210 acre tract; thence S. 30 E. 1884 vrs. to the S. E. corner of said 210 acre tract, said corner being in the S. line of the Gwatney survey; thence S. 60 E. with said Gwatney S. line 520 vrs. to the N. E. corner of the land deeded by H. McKinney to O. M. Smith; thence S. 30 E. 1308 vrs. to the S. E. corner of said Smith land; thence S. 60 W. 570 vrs. to corner in dividing line between Frazier and W. H. Walker surveys; thence N. 71 W. 1135 vrs. to the N. E. corner of William Koring 99 acre tract; thence S. 19 W. 1026 vrs. to S. E. corner of said Koring tract; thence S. 71 E. 226 vrs. to N. E. corner of Julius Lorinz 123 acre tract; thence S. 19 W. 1335 vrs. to the S. E. corner of the M. Schwarting 50 acre tract; thence N. 71 W. 298 vrs. to corner in N. line of a 193 acre tract owned by B. L. Bergum; thence S. 19 W. 903 vrs. to corner in S. line of said Bergum tract; thence N. 71 W. 340 vrs. to corner in dividing line of Walker and Dorsey surveys; thence S. 19 W. 1027 vrs. to S. E. corner of said John Dorsey survey; thence with S. line of said Dorsey survey N. 71 W. 3020 vrs. to the S. W. corner of this at a point where said S. line crosses the E. line of Road District No. 18, thence with the E. line of said District No. 18 N. 1 W. 2014 vrs. to the S. W. corner of the J. A. Wilkinson 320 acre tract; thence continuing with said E. line N. 6 W. 5015 vrs. to a point where the E. line of said District No. 18 crosses the E. line of the Ed Dickman tract of land, for the extreme N. W. corner of this; thence with the E. line of said Dickman land S. 42 E. 790 vrs. to the S. E. corner of said Dickman land, said corner being the N. E. corner of the Fritz Ohlenbusch tract of land; thence S. 50 E. 1552 vrs. to the S. E. corner of said Ohlenbusch tract; said corner being in the S. line of the Joseph A. Tivey 640 acre survey; thence with said S. line N. 60 E. 121 vrs. to corner in Little Pond Creek; thence down said creek with its meanderings to the place of beginning containing:

Benjamin Ables Survey.  
Thomas Barnes Survey.  
Ransom Moore Survey.  
J. P. Wannack Survey.  
J. A. Wilkinson Survey.  
John McLennan Survey.

Out of the John Dorsey Survey, 1200 acres.

Out of the Jacob Gross Survey, 67 acres.

Out of the John Beal survey, 190 acres.

Out of the Joseph A. Tivey survey, 325 acres.

Out of the G. B. Erath survey, 35 acres.

Out of the J. W. Porter survey, 412 acres.

Out of the Newsome Gwatney survey, 357 acres.

Out of the A. Frazier Survey, 284 acres.

Out of the W. H. Walker survey 305 acres.

Making a total of 5760 acres.

It is, therefore, considered and ordered by the court that an election be held in said Road District No. 17 of Milam county, Texas, on the 22 day of March, A. D. 1919, which is not less than 30 days from the date of this order to determine whether or not the bonds of said District No. 17 of Milam county, Texas, shall be issued in the amount of \$20,000, bearing 5½ rate of interest and maturing serially; that is, one bond in the sum of \$666.66 2-3 to mature each year from the date thereof for 30 years, and whether or not a tax shall be levied upon the property of said Road District No. 17 of Milam County, subject to taxation for the purpose of paying interest on said bonds and to provide a sinking fund for the redemption thereof at maturity.

Notice of said election shall be given by publication in a newspaper published in said county four successive weeks before the day of said election, there being no newspaper published in said Road District No. 17, Milam county, Texas, and in addition thereto there shall be posted notices of such election at three public places in said Road District No. 17 of Milam county, Texas, for three successive weeks prior to the election.

Said election shall be held at Voelgers School House in said Road District No. 17, Milam County, Texas, and O. R. Looney is hereby appointed manager of said election.

Said election shall be held under the provisions of Articles 627 to 641, inclusive, of Chapter 2, title 18, Revised Statutes, 1911, and as amended by Chapter 203, Acts of 1917, and only qualified voters who are property

## How Will You Spend Your Vacation?

Think it Over.

Young men and women who are ambitious to achieve success should not waste the summer months. One vacation properly spent will prepare you for a profitable life. Many who, at the close of school last year, entered the Tyler Commercial College to spend the summer months are now holding splendid positions or attending a university, paying their way with the commercial training they received. Every year we have more than a thousand students who finish during their vacation to take good positions during the big fall business. It is useless to idle away the summer months. Business men in all lines are busy, and ambitious young people would rather be with a large enthusiastic student body in a big school building under electric fans mastering Bookkeeping, Shorthand, Telegraphy, Business Training, Business Administration and Finance, Penmanship or Cotton Classing than to be idle and blighting their future. Write for a large illustrated free catalogue of the Tyler Commercial College. Read of the advantages of our splendid courses of instruction and of those who have graduated and are now holding good positions and what they say of our college and what their employers think of our efficient training. Read how some have worked their way through school, how others borrowed the money to pay board and gave the college their note for tuition and made it pay them big dividends, how others quit jobs at small salaries, completed courses with us and went back to the same firm at two or three times their previous salary. Some who were unable to come to our school finished our Home Study course and never quit drawing their salary. Make arrangements to enter as soon as your school closes. The United

States Government holds Civil Service examinations in Tyler enabling our graduates to go in positions at salaries from \$900 to \$1800. There is a great demand for clerical help in government reconstruction work and our graduates are receiving prompt appointments. The salaries are advanced after three months of satisfactory service, and the pay is sure and prompt. We not only make a specialty of preparing our students for positions with business houses but to pass the Civil Service examination for Stenographers, Bookkeepers, Typist and Clerks. Fill in for free catalogue and mail to Tyler Commercial College, Tyler, Texas.

Kosse Cyclone: That Texas is developing by leaps and bounds is shown by the almost wonderful increase in the cost of running the state governments. The demands made by State officials and heads of the various institutions of the State, upon the legislature, are increasing at a rate that is almost beyond belief. But the Legislature can be depended upon not to furnish all the money demanded, and in many instances a deserving institution or department may be made to suffer.

## A Tonic Laxative

that will remove the bile from the Liver and cleanse the System THOROUGHLY without griping or disturbing the stomach is truly a Perfect Laxative.

## LAX-FOS WITH PEPSIN

is the name of a Reliable and Perfect Laxative which soon relieves Sick Headache, Dizziness, Indigestion, Stomach Trouble, Gas and Piles caused by a Torpid Liver and Constipation. Always use a Reliable Laxative in the treatment of Colds, Grip and Influenza.

LAX-FOS WITH PEPSIN is a Liquid Digestive Tonic Laxative excellent in its effect on the System, both as a tonic and as a laxative. It is just as good for Children as for Adults. Pleasant to take. Children like it. 50c. Made and recommended to the public by Paris Medicine Co., St. Louis, Mo., manufacturers of Grove's Fastidious Laxative.

## The Indiana Silo

Paves the way to success and prosperity.

Prepare yourself to care for the extra feed you will raise by cutting your cotton acreage one-third. Come around and let's talk about the Silo.

County Judge, Milam County, Texas

17-YEAR LOCUST TO INFEST COUNTRY SOON

Methods Of Combatting Pest Outlined

By Department of Agriculture.

Great swarms of the seventeen-year locust will infest the United States in late May and early June this year, which is expected by scientists to be one of the worst "locust years" on record. Expert of the Department of Agriculture, however, see nothing alarming in the prospect.

Once regarded superstitiously as a harbinger of disaster, the periodical cicada, popularly known as the seventeen-year locust because it comes at long intervals, is seen now to be no more than an ordinary nonpoisonous insect pest, which can do little damage if proper precautions are taken.

The chief injury inflicted by the insect consists almost wholly in chiseling grooves in the branches of trees for depositing eggs. Young fruit trees sometimes are killed, but the damage seems greater than it actually is, according to the entomologists, and popular alarm is out of proportion to the real danger.

Suggested precautionary measures

are:

Defer putting out young fruit trees until next year; postpone budding operations; do no pruning this spring.

When the insects begin coming out, hand pick them from young trees or spray them with pyrethrum powder, kerosene emulsions or a solution of carbolic acid or creosote acid.

Spray With Whitewash

Later, when the insects are ready to begin laying, spray young fruit trees with whitewash.

The Department of Agriculture has kept close check for many years of all the broods of locust and can forecast accurately when and where the pests will appear. Large regions will be affected this year where one brood appeared seventeen years ago and in other regions which suffered thirteen years ago, the States including Alabama, District of Columbia, Delaware, Georgia, Illinois, Indiana, Iowa, Kentucky, Maryland, Massachusetts, Michigan, New Jersey, New York, North Carolina, Ohio, Pennsylvania, South Carolina, Tennessee, Vermont, Virginia, West Virginia and Wisconsin.

Belief that the 1919 brood will be exceptionally large is based on the fact that the seventeen-year brood coming out this year is brood ten, perhaps the largest of the seventeen-year brood, and that brood eighteen of the thirteen-year family comes out at the same time. The year 1868 was the greatest locust year in history, when brood nineteen, the largest of the thirteen-year family, appeared in conjunction with brood ten of the seventeen-year family.

Spectacular Swarms

There will be three regions of greatest occurrence of brood ten, one covering New Jersey, Maryland and Eastern Pennsylvania, another covering all of Indiana, the greater part of Ohio and Southern Michigan, and a third covering Western North Carolina, Eastern Tennessee and Northern Georgia. While brood ten will affect twenty States, brood eighteen will appear in only five States—Alabama, Georgia, North and South Carolina and Tennessee, and only limited areas in those States.

C. L. Marlatt, chairman of the Federal Horticultural Board, who has perfected the information on the cicada, calls the insect the most interesting in the world, because of the spectacular

While brood ten will affect twenty States, brood eighteen will appear in only five States—Alabama, Georgia, North and South Carolina and Tennessee, and only limited areas in those States.

C. L. Marlatt, chairman of the Federal Horticultural Board, who has perfected the information on the cicada, calls the insect the most interesting in the world, because of the spectacular

lar swarms in which it appears, its queer recurrence at long intervals and the portentous significance frequently attached to it. Every locust year has been a year of fear and dread, even in civilized times. Some people have fancied that they could detect in the cry of the insect a resemblance to the names of the Egyptian monarch, Pharaoh, who persecuted the Israelites. Superstition attached also to the shape of the filmy bars on the cicada's wings, which seemed to form the letter W, interpreted as a forecast of war.

"Since this outbreak will come just at the conclusion of the greatest war," Mr. Marlatt said, "and when even the imagination of the rural prophet could hardly conjure up the likelihood of another one, some new explanation will apparently have to be found."

Thos. N. Herring, Manager

Cameron, Texas, March 13, 1919

ROCKDALE AND CAMERON

On Tuesday night of this week some thirty-five or forty members of the Cameron Commercial Club visited the Rockdale Chamber of Commerce in response to an invitation extended by that enthusiastic organization at their last meeting. The Cameron delegation received a welcome characteristically Rockdalean in its simplicity and earnestness, which set every member of the party at perfect ease. The object of the meeting was to destroy the petty commercial and civic jealousy that has apparently existed between these sister cities for years, and to bring about complete harmony between the two organizations for the work and duties resting upon them for the upbuilding of Cameron, Rockdale and Milam County as a whole. The results of the get-together meeting was all that could be desired, every members of both clubs resolving to do his "dead level best" for the mutual benefit of the county. Strong speeches were made by prominent goods roads leaders of each side for the betterment of Milam county's road system, a matter that is absolutely indispensable to the welfare of any county or state and without which it will ultimately sink into political,

economic and commercial oblivion. We are indeed glad to have been one of the party on this occasion and to have taken a small part in this move, which by hard work and concentrated effort on the part of such men as only Cameron and Rockdale can bring forward and bring Milam county to the forefront and make it the greatest county in that imperial commonwealth of the South—big, broad-minded, free-hearted, hospitable Texas.

The school bond election is only three weeks away, Tuesday April 1st, talk to your friends whom you think might be in doubt about the issue. Every honest man is open to conviction and the citizens of Cameron are all honest men. Vote for the good of your schools, the greatest single institution any community can have.

On Tuesday, April 1st, be a man, a true citizen of your town, county and state—above all be a blue blooded American—the greatest privilege that the Creator has given to man—vote for the school bond tax. Our schools are the very foundation of our civilization and without them in the very highest point of efficiency, no state or nation can stand. Vote for the bonds and the future prosperity of our land.

"No-man's-land" is no more. This much abused, shell torn, rut-infested, anti-travel strip of road lying between Minerva and the progressive city of Rockdale was wiped off the map at the joint meeting of the Rockdale and Cameron commercial organizations at Rockdale Tuesday night. This road is famous (or rather infamous) for its ability to give even a Ford a bad case of indigestion, being practically impassable to every form of vehicle with the possible exception of an airplane. The news of its demise will be received with much gratification to the traveling public from all over this section of the state. May we soon be able to ride over this road with a glass of grape juice? gently sitting on the radiator of our cars and spill "nary a drop".

#### FASHIONS AND FORMALITIES

How many people are to all intents laboring under the delusion that for-

malities and fashions are divinely inspired rules and laws to be observed by all who would be truly noticeable in this old world! It is a fact that a large number of supposedly intelligent people judge others by their observance of fashion and custom, when in reality these are only a small part of the true indications of character and genuine manhood and womanhood.

Some laws of formality are desirable; some are not. No reasonable person would deny that it would be proper to discard the custom of eating with the fork and similar customs which are so essential to good manners. No one would think of walking down our streets in the garb of a Hawaiian hula hula maid; because, although it may be perfectly proper in Hawaii, it is far from fashionable in this country of more advanced civilization. Some laws of fashion and custom are necessary for various reasons.

However, it is the tendency among some to accentuate the unimportant rules as well as the essential ones. Thanks to the war this tendency is not so marked at present as it was two years ago. Yet, some people's lives are bound ironclad by hundreds of petty customs and practices set before them. These people are similar in many respects to the circus ape who makes a wonderful show in trying to imitate the clown.

There are some who are not well capable of much else than to follow suit and play the part of the circus ape. Such are not to be reprimanded but rather pitied in their affliction.

On the other hand there are those whose intellect could be turned to useful sources, but they begin to whiff the opianic fumes of fashion and start off on the delusive flight to—nowhere. According to these minds, and it is a fact that most of them are women, the one who disregards the paths trailed by others of exclusive society immediately brands himself ignominious.

It is safe to say that 90 per cent of fashion's formalities are superficial. Originally, fashion was surely intended for becomingness and refinement. Now an exclusive set of pinheaded professionals set the styles and the people follow like so many sheep directed by the herd dog. Some set up artificial traps of formality and try to judge humanity by their brands. It is as impossible as it is to judge a man's brain by the size of his foot. A true man or woman is worth a score of human monkeys. The war has awakened many to the proper view of life and its objects. Some are awakening and some will never disinhale the fumes of shallow non-essential formalities.

Next Sunday's Services at Baptist Church.

Last Sunday the pastor was greeted by two good audiences, and both services were delightful. At the evening service, the pastor spoke on "Christian Union," the first of a series of sermons on this subject. Next Sunday evening he will speak on "The Causes of a Divided Christianity." Do you attend church services regularly? Does the service mean much to you when you go? What criticism have you to offer to the average church service?

You are welcome to all the services at the Baptist church. Come and worship with us.

B. B. Blaylock, Pastor.

New wall paper, at most reasonable prices. Geo. A. Thomas & Sons. Drugs and Jewelry.

#### This Amendment Must Be Adopted.

All friends of progress in Texas will rejoice over the action of the Legislature in passing finally the resolution submitting to the people a constitutional amendment authorizing the State to issue bonds to a limit of \$75,000,000 for roads. We believe people will adopt this amendment by overwhelming majority and, therefore, that Texas will soon witness an era of road building that will give us one of the finest public road systems in the world.

But this faith should not deter the leaders in this movement from beginning early and organizing the whole State to put this amendment over. The election will not be held until next November, so there will be ample time to do this. We have seen too many meritorious propositions killed in the past through indifference and neglect not to know that even such an amendment as this would be in danger of defeat if the proper campaign were not made.

This amendment means so much to the future of the State that even the most optimistic outlook should not be permitted to lull us into the a feeling of security which might do as much harm as indifference. A campaign of education covering every County in the state, should be launched in time to insure that the people shall be fully aware of its significance. It should be carefully planned beforehand and projected in such a way as to reach every voter and put the matter before him in a simple and straightforward fashion. We do not doubt that the good roads leaders of the State already have this in mind, and so far as they are concerned the suggestion is not necessary. But they will need the assistance and support of every wide awake citizen. We must be ready to give such support when the time comes.—Fort Worth Star-Telegram.

#### AMERICAN SHIPS NOW PLYING THE VARIOUS OCEANS

For the first time since the days of the famous "Clipper" ships, American merchant craft are now plying the seven seas carrying products of the United States to the farthest corners of the earth and bringing home both essentials and luxuries.

The shipping board has announced that the American merchant marine fleet built up under the spur of war's necessity represented nearly one fifth of the entire sea going tonnage of the world and comprised 46 per cent of all ships clearing from United States ports as compared with 9.7 per cent before the great war.

Trades routes not traversed by American craft for more than fifty years once more are invaded, with new routes established to China, Australia, New Zealand, India, the Dutch East Indies, the west coast of Africa, and ports on the Mediterranean. Ships flying the Stars and Stripes also are running regularly to South America, Great Britain and continental Europe as well as to Canada and Mexico.

Mrs. A. C. Strickland of Groesbeck returned to her home Saturday after a week's visit to her parents, Mr. and Mrs. Wm. Henderson. She was accompanied as far as Waco by Miss Olive Henderson who spent Saturday and Sunday in that city.

#### SHRAPNEL

A MISSING SWITCH.  
"Aren't you ready, dear?" called husband from down stairs.  
"As soon as I fix my hair, Henry," came the reply.  
"Haven't you fixed your hair yet, for gracious sakes!" came from Henry an hour later.  
"Fixed it?" shouted back the female voice. "I haven't found it yet!"  
Pittsburg Chronicle-Telegraph.

#### Bumptious Family

An old farmer who by hard work and parsimonious habits, had got together a little fortune, decided that the time had at length arrived when he was justified in ordering a family carriage. He went to a carriage builder and described in detail the kind of vehicle he wished to buy.  
"Now I suppose you want rubber tires, sor?" said the carriage builder.  
"No, Sir," replied the old farmer in tones of resentment. "My folks ain't that kind. When they're riding they want to know it."—Edinburg Weekly Scotsman.

#### Waste of Time

One Hoyt was fishing from the banks of a stream when there approached him an individual named Gates, who remarked with a yawn:  
"Time ain't very valuable to you, brother, that's plain. Here I been a watchin' you three hours, and you ain't had a bite."  
"Well," drawled the fisherman, "my time's too valuable, anyhow, to waste three hours of it watchin' a feller fish that ain't gettin' a bite."—Harper's.

#### Legs at Bargain Prices.

Old Lady (to severely wounded soldier)—Poor man, have you lost your leg?  
Tommy—Yes, mum.  
Old Lady—Poor fellow! Do have an apple.  
Tommy (to his chum, when the old lady had departed)—Bill, I think I'll have my other leg off before she comes next week. I might get a banana.—Tit-Bits.

#### Worked the Wrong Way.

"I hear the grocer fired ye for swindling him," remarked John McFeline to his friend.  
"It's a lie," returned the latter. "He axed me to put a chunk of lead under wan of the scales an' I done it, an' thin in a few days whin he examined it he gave me the run."  
"Did ye not fasten the lead on properly or what?" asked McFeline.  
"Oh, I fastened it on right enough," was the reply, "but it was under the wrong side of the scales I put it, an' it weighed against himself."—Pittsburg Chronicle-Telegraph.

#### Feminine

"My husband is so jealous."  
"How absurd!"  
"Why, isn't yours?"  
"Of course not."  
"How humiliating!"—Boston Transcript.

Sherwin-Williams Paints and Varnishes, Floor Stains, Auto Enamels, Wall Paper and Window Glass. Geo. A. Thomas & Sons, Drugs and Jewelry.

#### THE SODA FOUNTAIN

of Today has become the rendezvous for friends and acquaintances, and it is here that many pleasant moments are spent.  
Add to the Soda Pleasure by making our Fountain your meeting place.

#### PALACE OF SWEETS

STEDMAN & SHARPE, Props.

#### LIFT CORNS OR CALLUSES OFF

Doesn't hurt! Lift any corn or callus off with fingers

Don't suffer! A tiny bottle of Freezone costs but a few cents at any drug store. Apply a few drops on the corns, calluses and "hard skin" on bottom of feet, then lift them off.

When Freezone removes corns from the toes or calluses from the bottom of feet, the skin beneath is left pink and healthy and never sore, tender or irritated.

#### The Magic Oil Can

It isn't steam that runs the trains; It isn't coal or steal.  
It isn't coin, it isn't brains, That moves each rod and wheel.  
Not all our strength and all our art And all our skill and toil  
Could even make an engine start Without a little oil.  
A locomotive will not mind Unless you use the can.  
The engine knows when you are kind, And likewise so does man.  
No use to urge and push and strain; No use to fume and boil;  
The world is just a railroad train That needs a little oil.  
—Henry I. Meyers, in Railroad Man's Magazine.

## DIPPING VATS

Let me figure with you on your vat.

I am prepared to build them in accordance with government specifications and can save you money.

### J. L. BARMORE.

## The New Government Sales Tax:

All Automobiles, Tires, Tubes and Accessories bought by us and not in stock on February 25, will be subject to a five per cent Government tax.

We are fortunate in having on hand at that time, a big stock of everything in our line, and for this reason, are in a position to save our customers this 5 per cent on all such stock as we had on hand when this law went into effect.

We wish, especially to call your attention to the tax assessed against automobiles. All new cars taken into stock after February 25, will bear five 5 per cent government tax instead of three per cent as heretofore, which will make quite a nice sum to save on a new car.

This also applies to our big stock of Tires, Tubes and Accessories, which we have on hand.

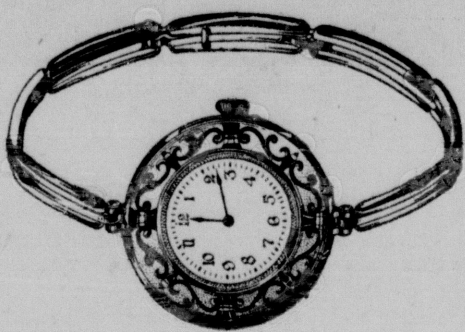

With these facts before you, no one can afford to wait until our stock is exhausted of these tax-free items.

We would therefore urge you to take advantage of our fortunate position and buy at this Great Saving, anything in our line that you need now or may need in the near future.

## PERUNA A Wonderful Remedy

FOR  
EFFECTS  
OF  
LA  
GRIPPE

Mr. George E. Law, 13 1/2 North Franklin St., Brazil, Indiana, has a word of cheer for sufferers from LaGrippe and its results.

Liquid or Tablet Form  
Sold Everywhere

### Read His Letter

"I have suffered for the last two winters with that terrible disease, LaGrippe. Having often heard of the great value of Peruna I decided to try it. I have only used four bottles and I do not now have any had effects from the Grippe as it has just about entirely disappeared, and my general health is good. I am satisfied that Peruna is a wonderful remedy, and I do most heartily endorse and recommend it for LaGrippe."

## Cam-Hi Weekly News

Edited by the Students of the Cameron High School.

Knox Tyson.....Editor-in-Chief  
Jack Logan.....Assistant Editor  
Walter Adams.....Senior Editor  
Gaston Barmore.....Junior Editor  
Stewart Epperson.....Sophomore Editor  
Lee Tag.....Freshman Editor

The two preceding issues of this Cam-Hi Weekly News have been edited by the freshman and sophomore classes. This week is Junior Week. We believe they have profited by the experience of the other two under classes and have brought out a paper that will make the seniors work hard to beat for next week. After the seniors have done their part for next week, the boys of the high school are to gather and write news for the following week, and the girls the week thereafter. Read the Cam-Hi Weekly News and you will know what is being done up here.

### General Science Spelling.

The general science class which is composed of Fish are adding some new words to their extensive vocabularies. From their text books, they pick out ten new words each week, and strive to learn them both in spelling and meaning. They have found this quite difficult, but this week both sections, A and B, have done well. In a spelling match this week between the two sections the following students were the best spellers: Alta Klawansky, Media Bailey, Mildred Favor and Lucille Ingram remained standing on the "A" side and Louise Adams, Robert Mayfield and Robert Gillon on the "B" side. The purpose of these spellings is to aid in increasing his vocabulary.

### Cam-Hi Orchestra Sacred Concert.

On Next Sunday, March 16, the Cam-Hi Orchestra will appear for the first time. The public is invited to be present in the high school auditorium at 4 o'clock p. m. to hear a sacred concert. The orchestra has been organized only since the holidays, but under the direction of Mr. Crawford it has made excellent progress, and although there are some new musicians in the organization most of the members were experienced players. Next week we will publish the entire personnel of the orchestra and also the program which will be given on Sunday afternoon. If you want to hear some good music and if you want to see how quickly a group of young people can be made into a first class musical organization, don't miss this first performance of the Cam-Hi orchestra. Admission free.

### Lost, Strayed or Stolen.

Lost—The melody of the orchestra. Finder please return to director J. N. Crawford.

Strayed—From the chemistry laboratory a large amount of hydrogen sulfide. Finder please return to some member of the chemistry third class.

Strayed—From Harriett Henderson, a quantity of "son-kist" hair. Its return will be appreciated by Miss Henderson.

Lost—Between sun rise and sun set, two golden hours, each set with sixty diamond minutes. No reward is

offered because they are gone—gone forever.

Found—One senior who will admit that the Junior are "the Class."

Found—In the junior camp, four perfectly good senior masculine hearts Same will be returned on asking.

Lost—Two good mustaches, return to Barmore and Epperson.

Lost—

In a moment of vexation,  
To a class of orchestration,  
All the mysteries divine,  
Of that glorious fudge of mine.—  
J. N. C.

Strayed—One perfectly good idea, unlabeled. Joint owners, Dailey and Smith. Liberal reward for return of same.

Lost—Several senior diplomas. Seniors—N. W.

### Senior-Junior Picnic.

Friday Mr. Kidd announced to the high school they would receive a half holiday provided each member of the high school would bring a quarter, and buy a tag to save a child. The seniors and juniors called class meetings and the two classes gave checks for the amount expected from each class, but this would not do as Mr. Kidd wanted the cold cash. Monday morning at ten twenty, every class had gone over the top, and there was no question about getting the holiday.

A picnic had been planned by the seniors and juniors and when twelve o'clock came a number of cars had gathered at the school house. The girls had the eats and these as well as the boys and girls found room in the cars. They had planned to go to the McCown bridge so they went there and then decided to go to the Holtzclaw bridge as it was a better location. They made the trip with only one mishap, the car driven by Miss Irene Cheeves had a puncture which was fixed very easy and the crowd upon reaching their destination cleaned a spot of ground under the trees on the bank of the river and lunch was spread. You should have seen those seniors, they coupled up and filled shoe boxes to their full capacity and then went off where they could eat and talk at ease. Some of the teachers were as bad as the seniors for one one perfectly nice pupil and our German teacher filled their box and did as the seniors. Even our Spanish teacher helped fill a box and they sat on a log to eat it. Miss Goddard stood among the remaining boys and girls and it was hard to detect her from some sweet school girl who was having the time of her life. Honorable Patrick Kennon was on the job as snap shop Bill, and took several pictures of the crowd and individuals that wanted their fair countenances struck.

It was decided to have an indoor ball game out doors so Mr. Crawford looked for a good ball ground, and found one on the opposite side of the river. Everyone wanted to play ball so they went with Mr. Crawford. Sides were chosen by Coleman and Epperson who selected some of the teachers and girls as well as the boys, to help them win. With Crawford as ump and Knox Tyson as score keeper the big game began. Misses Cain and Goddard were the pinch hitters for Coleman and they nearly won the game. At the close of the ninth inning the score was 13 to 9 in favor of Epperson's "never losing" team. Every one was anx-

ious to get home, so they started. Thus ended the first and only picnic of the year. Thanks to Mr. Kidd for the half holiday and we regret that he did not accompany us on the picnic.—  
T. M. H.

### Athletics.

The junior base ball team, better known as the "million dollar outfield and airtight infield," finished the season by losing only one game—this was the only game played. The score was only 24 to 13 in favor of the opponents—which is the other side. The game was full of action especially for the senior outfield—who very seldom went out. When a junior held the bat with a mighty arm, the ball whistled as it passed the bat into the catchers hand. On both sides it showed that there was a great need for glue or something sticky so as to hold the ball in the hands. After nine innings of hard playing, which only lasted one week, the game came to an end.

The girls decided to have a game, so they got two of the best players?? and these two chose. Then the game started with anywhere from twelve to forty-eight on one side, and at the end of the game the side that beat must have won, if neither side won it was a tie (not a necktie.) But the few words that both sides used after the game were: "We beat" "No you didn't." "We beat"—now form your own opinion as I am still single.

### Norther, Northern. Track Team Working—Brrr—Brrr.

Tennis has been neglected owing to the frequent rains, but as there is water on the tennis grounds, boats are successfully operated.

Base ball started and the players eyes look as if the other got to them first. But, Oh! the team that matches Cam-Hi.—W. J. P.

### Smiles Column.

In a game between Slip-up-and-tie and Scratch-Ankle:

Irene—"Miss Rose, what is the score?"  
Miss Rose—"Five and———"  
Irene—"Oh, are we ahead."

Raymond T. (talking to a Jew druggist) "How much is this bottle?"

Druggist—"Five cents alone but if you want something in it—the bottle will cost you nothing."

Raymond—"That sounds reasonable Put a cork in it please."

At the city hospital Cecil was asked: "Have you pajamas?" "No," replied Cecil, "the doctor said I had mumphs."

Verna Roberts has recently moved to Cameron, so a great many things were new to her. Going down the street one day, she heard a Mexican shouting "Hot tamales, Hot Tamales." Verna exclaimed in surprise, "How in the thunder does he know it is going to be hot tomorrow?"

"Smell anything bad Ma?" asked Bud who was laying on the floor drawing. His mother assured him that she did not. "You ought to," replied Bud, "I have just drawn a skunk."

### Wound Up.

Starting with a wonderful burst of oratory, James Coleman, orator, had become rather hoarse after two hours of steady speaking.

The mother of a freshman in the crowd whispered to her son, "Isn't it wonderful? What do you think of him?"

"He needs a new needle," returned the freshman sleepily.

Mrs. Gillis—"You're late again Mildred. Tell that young man of yours that this won't do, you know late hours are bad for one."

Mildred—"All right, sister, but they're splinted for two."

### Interscholastic Track Meet.

Our superintendent Mr. Kidd, received word from the county superintendent that the interscholastic meet will be held here on Friday, March 28. In addition to the track meet there will be a boys and girls spelling contest.

The high school has also written to Thorndale for a base ball game to be played on this day. All that expect to enter this meet have already begun practicing. We hope to carry off highest honors.

This is the first year that Cam-Hi has had an organized base ball team. Nevertheless we have a promising young set of players and expect to play some good ball.

Our track team has always been good and this year we expect it to surpass old records. Great enthusiasm is shown among the men, especially in high jumping, broad jumping and in vaulting.

### Card of Thanks.

### Juniors.

Here's to the Juniors  
So loyal and true,  
To their colors so bold,  
The green and the gold,  
Juniors here's to you.

Before I presume any further on your good nature I am going to explain why I am writing this article. The Junior Class is recognized by all high minded people as being the best class in school, and to demonstrate this fact more forcibly I have been requested to tell you just what the Junior Class is and to tell you some of its miraculous history.

First, I shall tell you just what juniors are. Juniors are groups of highly organized human beings, who after having emerged into the third stage of high school life are gathered as a body for the purpose of shedding light over the entire school. In the junior class there are the most intelligent boys and the most beautiful girls in high school. It is said that beauty is only skin deep, however, I dare say we'll have a valedictorian in our class when we graduate, and while speaking of intelligence, I will state that the junior class contains the greatest number of specialists in the line of bookkeeping and other such arts. The orchestra is composed mostly of juniors and in fact every member of this noted class is talented in some line of music as was shown at the performance of Jeroslav Hookski's Band, which consisted entirely of juniors. This class is first, last and always, in the true sense of the term first in annual dues, last in buying tags and always because of the lasting impression it will leave with Cam-Hi.

In this class there is the greatest per cent of passes and failures made by any one class in school. The failure may be explained by saying that this is the largest class in school and the passes by saying that those who pass are undoubtedly very bright or they could not have gone over the top in so difficult an examination where so many others failed.

Quite a great deal more could be said about the juniors of 1919 but after having read all that has already been written about them, I do not doubt but that you will agree with me and say that the juniors are the best class in high school.

### Expert Advice.

The young man sidled into the jeweler's shop with a furtive air. He handed the jeweler a ring with the stammered statement that he wished it marked "with some names."

"What names do you wish?" inquired the jeweler in a sympathetic tone. "From Henry to Clara," the young man blushingly whispered.

The jeweler looked from the ring to the young man and said in a fatherly manner: "Take my advice, young man, and have it engraved simply, 'From Henry.'"—Argonaut.

### Cause for Thanking.

An Irish farmer, waking up in the night, saw an apparition at the foot of the bed. He reached out for a gun and perforated the ghost with a bullet. In the morning he discovered that he had made a target of his own shirt.

"What did you do then?" inquired the friend to whom he told the story.

"I knelt down and thanked God that I hadn't been inside it," said the farmer piously.—Youth's Companion.

\$300,000 Annually Wasted, in preparing the American Cotton Crop for market, can be saved by the use of a recent invention. If you want to know how you can share in the saving of this great Waste; Send your name and address without obligation, to Earl L. Bender, Sales Manager.

ADVERTISERS OF FACTS

CAMERON, TEXAS

Methodist Church, Sunday, March 16.

Last week I was conducting a meeting at Milano. In the course of that meeting something was said about a man robbing God. A citizen of Cameron accosted me and stated that, if I said that a man who withheld his tithe was a robber, by the same authority that I proved this he could prove that I was a liar.

As I did not say that a man who withheld his tithe was a robber I did not take this to myself.

"Will a man rob God? Yet ye rob me. But ye say, wherein have we robbed thee? In tithes and offerings."—Malachi III:10.

I am quite sure that Malachi can take care of his own character; but as he had this epithet bestowed upon him on account of my association, I feel that I should say a word in his defense, as he isn't here to do it himself.

So my subject Sunday morning will be—"Was Malachi a Liar?"

Incidentally, if Malachi said in Cameron in 1919, what he said in Jerusalem, several hundred years before the birth of Christ, would he be a liar today?

Night service by the pastor. Subject, "The Downfall of Venice."

W. G. Harbin, Pastor.

Try a Want Ad in The Herald.

Recruiting at Camp Travis Active recruiting for the United States army has been started at Camp Travis. This cantonment bids fair to become one of the largest recruit depots in the Southwest. Captain W. B. Martin, Medical Corps, U. S. Army, has been appointed Recruiting Officer. Captain E. H. Kelter, Infantry, U. S. Army, is in charge of the recruit depot post. Recruiting offices have been opened at the corner of Avenue "F" and 9th Street, Camp Travis, Texas.

Under orders of the War Department, previous service men are being accepted as recruits for one year's service, with the privilege of one month's furlough if they are discharged from their present organization for enlistment. These men are also granted the cent a mile furlough rate if they desire to visit their home.

Men who have not had previous military training service are obliged to enlist for a three-year period. This class of recruits must also be without dependents.

Men enlisting, will be allowed to select the branch of service they desire in so far as is possible. At the present time so many vacancies exist in the different arms of the service that there will be little trouble in obtaining the assignments desired. All men enlisted will be assigned to temporary infantry duty at Camp Travis.

They will be sent to various and posts throughout the United States as needed to fill units.

Mr. and Mrs. Jim Chadwick and Mrs. B. Slocumb were visitors in Temple the first of the week.

Mr. and Mrs. Dick Clark went to Caldwell in their car Tuesday night where Mrs. Clark and Theda Mae will visit for several days. Dick returned that night on the Santa Fe.

## SATURDAY LAST DAY FOR TAX STATEMENTS

Those Who Neglect To File Returns Are Subject To Penalties.

Warning has been issued by Internal Revenue Collector Roper that persons who fail to file income tax returns with revenue collectors before next Saturday night will be subject to prosecution. He called on honest taxpayers to aid in the round-up of slackers by reporting any information they might have which would assist in detection.

Those who merely neglect to file returns are subject on prosecution to a fine of not more than \$1,000 and those who "willfully refuse" are subject to a fine of not more than \$10,000 or imprisonment for one year, or both.

Means of detecting tax dodgers include the posting as soon as possible in each revenue district of the names of persons who have filed returns and the checking over of reports of "information at the source," made by persons who have paid more than \$1,000 last year to any individual or business interest.

Commissioner Roper called attention to the extension of forty-five

days allowed taxpayers who are unable to file complete returns by next Saturday, providing they report an estimate of the tax due by that time, together with a payment of at least one-fourth of the estimated tax. This applies to both corporations and individuals.

### Cut Worm Control.

Farmers and gardeners may expect within the next few weeks more or less injury from cut worms, says R. E. McDonald, of the Division of Entomology, State Department of Agriculture. He says that the cut worms stay in the ground during the winter, and begin to attack young plants as soon as they come up. He advises gardeners to put around newly set plants an old tin can with the top and bottom melted off. The cans should be slit down the sides so they can be removed later without injury to the plants. Ordinary paper, rather stiff, will serve the purpose as well. This scheme will prevent the worms approaching the plants, but of course this is not practical for field crops. Cut worms will readily eat poison bait if put out about sundown in little lumps about two or three feet apart. The bait should be made as follows:

Take 20 pounds of wheat bran and mix an equal amount of fine saw dust with it.

Now, thoroughly mix in dry, one pound Paris green.

Get one gallon strong smelling molasses and six lemons.

Chip the lemons in fine parts, and thoroughly mix all together, using

Mr. and Mrs. A. E. Brady are in receipt of a wire from their son, Lieut. Vivian Brady, from a camp in Boston saying that he has arrived safely from overseas. The family expect him home in a short time.

#### Proclamation Calling A Special Election in Cameron, on Tuesday, April 1, 1919.

Whereas, at the regular March session of the City Council of the City of Cameron, the following resolution was adopted unanimously, viz:

"Whereas, on this fourth day of March, 1919, the petition of T. S. Henderson and one hundred and fifty other property tax paying voters of said city was presented to the City Council of said City of Cameron requesting that the question of whether or not a special ad valorem tax of not to exceed seventy-five cents on the one hundred dollars valuation of all property situated in said city shall be levied by said city for school purposes as provided by Arts. 925, 2876, 2877, 2878 and 2879 of the Revised Statute of Texas as amended by the Acts of the Thirty-fifth Legislature approved March 30, 1917 and October 30, 1917; and the Council finds that said petition bears the required number of signatures of property tax paying voters of said city according to the last assessment rolls of said city and that said petition is in every respect in conformity with law; and whereas,

the Independent School District of the City of Cameron is identical in area and boundaries with the areas and boundaries of said city; and whereas the said city has hitherto assumed control of the public free schools of said city in the manner required by law and is entitled to the privileges and benefits conferred upon cities and towns by said Arts. 925, 2876, 2877, 2878, and 2879 of the Revised Statutes of Texas as amended as aforesaid, therefore:

IT IS HEREBY ORDERED AND DIRECTED BY THE CITY COUNCIL OF CAMERON that a special election be and the same is hereby ordered to be held in said city at the usual polling place and within the hours prescribed by law on the first Tuesday of April, 1919, the same being the first day of April, 1919, to determine whether or not the majority of the legally qualified tax paying voters of the said city and district, as shown by the last assessment rolls of said city, desire that a special ad valorem tax not to exceed seventy-five cents on the one hundred dollars valuation of property situated within the said city and district be annually levied and collected for the public

school purposes as provided by the Arts. 925, 2876, 2877, 2878 and 2879 of the Revised Statutes of Texas as amended by the acts of the Thirty-fifth Legislature approved March 30, 1917 and October 19, 1917.

A. H. Baskin is hereby appointed as presiding officer of said election and he shall select two judges and two clerks to assist him in holding the said election and he shall within five days after said election has been held, make due return thereof to the said City Council of Cameron as is required by law for holding a general election in cities and towns.

The ballots of said election shall have written or printed on them the following:

"For the levy and collection of a special tax not to exceed seventy-five cents on the one hundred dollars valuation for public free school purposes."

"Against the levy and collection of a special tax not to exceed seventy-five cents on the one hundred dollars valuation for public free school purposes."

The mayor of this city is directed to issue his proclamation ordering said election in the manner required by law and the ordinances of this city.

Therefore, be it known that I, John B. McLane, Mayor of the City of Cameron, Texas, do hereby order and proclaim that on the first Tuesday of April, 1919, the same being the first day of said month a special election will be held in Cameron at the usual polling place and within the hours prescribed by law for the purpose of determining whether or not a special ad valorem tax of not to exceed seventy-five cents on the one hundred dollars valuation of property situated in said city shall be annually levied and collected, as provided by said resolution of the City Council; and that the ballot contain the proposition as provided by said resolution and that none but qualified voters who are property tax payers as shown by the last assessment rolls of said city be permitted to vote at such election.

That A. H. Baskin is appointed presiding judge at said election, and that he do appoint two assistant judges and two clerks to assist him, and hold said election and the time and place stated in said resolution and due returns thereof make, and all in the manner directed by said resolution and the laws of the state.

Witness my official signature at Cameron this the fourth day of March, A. D. 1919.

(SEAL) Jno. B. McLane,  
Mayor of the City of Cameron.

Presbyterian Church.

In the absence of the pastor last Sunday morning several of the men of the congregation had charge of the service. It was a good service and some fine talks were made.

Next Sunday the 16th, the yearly canvasses for local and mission causes will be made. The congregation will be visited by the canvassers between two and six, and there will be a report meeting at night. There will be the regular services.

Mrs. J. E. Watts and little Miss Martha King Watts of Taylor spent a few hours with Mrs. J. W. Coleman Wednesday afternoon.

## IS HIT BY SHELL WHICH KILLS FOUR OF UNCLE 'SAM'S MEN

Y. M. C. A. Man Returns With Story of Finding Huns in French Uniforms.

Under shell fire and gas for three weeks, the buildings in which he ran his canteen hit six times, and finally knocked out by a shell which killed four men, wounded thirty and put him in a hospital for two months, Guy A. Willis, a Grand Rapids lumberman, has returned on crutches from France with some evidence of the zeal with which the Y. M. C. A. canteen men worked with the troops in the St. Mihiel and Argonne drives.

Willis was attached to the Three Hundred and Fifty-fifth regiment, Eighty-ninth division. In the Toul sector, which the division held until the St. Mihiel drive began, Willis' Y. M. C. A. outfit had a canteen near Mont Sec, at Beaumont, and one of his pleasant jobs was to drive almost daily around the famous Dead Man's curve on trips to get supplies for his canteen. Willis entered Benny, in the St. Mihiel drive, three hours after the Germans had been thrown out of it.

In a shell-wrecked building he found a German kitchen with three big cauldrons. For several nights he made cocoa—hundreds of gallons a night—which was rushed in cans, shell cases,

GUY A. WILLIS.

pails and whatever else came handy out to the boys. Three times shells crashed through what was left of the roof of the building in which the Y. M. C. A. had set up shop, but they kept on at their work and ran the canteen there for three weeks, until they were shifted to the Argonne.

While at Benny Willis was busy in the canteen one night when two officers entered. They wore uniforms of the Fifth French artillery. The canteen was full of doughboys getting cigarettes and chocolate, and the Frenchmen, who seemed in a great hurry, picked up several pieces of chocolate and started to go out. Then they hesitated and turned back toward the counter. As they did so a doughboy heard one of them say to the other, "Wie viel?" (How much?).

A group of eight or ten doughboys entered at that moment, and in the crowding and jostling and dim light the soldier who had heard the remark lost sight of the officers for a moment. When he looked for them again they had vanished. Headquarters was telephoned that spies had been in the canteen, but the pair made good their escape in the darkness.

In the Argonne drive Willis was at work in a first-aid station when Captain Baker was wounded in the barrage. Willis went back through the barrage, serving as a litter bearer, and helped carry wounded down through the mud for four kilometers to the ambulances.

Two days before the last drive in the Argonne Willis went back into the village of Romagne to get supplies for a first-aid station. As he entered the town the Germans opened up on it with a battery of 88s, and the second shell sent over landed in the street within twenty-five feet of him. The shell killed two soldiers on a truck, setting fire to the gasoline tank and cremating one of the men. Two others were killed and thirty wounded, one of whom was Willis, a piece of steel being driven through his foot.

The field hospital to which he was taken had been shelled ten minutes before he arrived, and four hospital attendants and several engineers had been wounded. A few minutes later some German airmen came over and bombed the place, one of the bombs ripping a piece of cloth from under the head of a doughboy two stretchers away from the Y. M. C. A. man. The doughboy was not even scratched.

## Willard STORAGE BATTERY SERVICE STATION

### Battery "Maybes"

Maybe your battery is in perfect condition.

Maybe the water level is up just where it ought to be ( $\frac{1}{2}$  inch above the plates.)

Maybe the battery is being kept charged as it should be.

But why take a chance?

A glance into each cell will tell you just where the water level is.

A two-minute hydrometer test will give you exact figures on the state of charge of every cell.

Or better yet, call on us and we'll do these things for you and give you the benefit of Willard consulting service.

#### ORDER OF ELECTION

Whereas, the ordinances of the city of Cameron, Texas, require the holding of a regular election of officers whose terms expire, for the year 1919-1921, for the city of Cameron, and whereas, the City Council of the City of Cameron has failed to order said election.

Therefore, I, Jno. B. McLane, mayor of the city of Cameron, do hereby order that an election be held in said City of Cameron on the 1st day of April, A. D. 1919, the same being the first Tuesday in said month, for the purpose of electing the following officers to-wit: Three aldermen to succeed Aldermen Oxsheer Smith, J. D. Dobbins and J. C. Joseph, whose terms of office expires on said date.

Said election shall be held in the city hall of City of Cameron and the following named persons are hereby appointed managers of said election and for all other elections which may be held in and for said city during the year 1919; A. H. Baskin as presiding

judge and such assistants and clerks as he may require to be appointed by the said A. H. Baskin to assist him in accordance with law. The manner of holding said election shall be governed by the laws of the State of Texas and of the City of Cameron regulating general elections.

A copy of this order shall be published in the Cameron Herald, the official organ of the City of Cameron, for at least thirty days prior to the date of said election.

Given under my hand and official seal of office this 4th day of March, A. D. 1919, at Cameron, Texas.

(SEAL) Jno. B. McLane,  
Mayor of City of Cameron.  
Attest:  
T. C. Stafford,  
City Secretary-Treasurer.

### NOTICE ROAD BOND ELECTION

#### STATE OF TEXAS, COUNTY OF MILAM.

On this the 27th day of February, A. D. 1919, the Commissioners' Court of Milam County, Texas, being in special session came on to be considered the petition of Walker Cox and 64 other persons praying that bonds be issued by Road District No. 16 of Milam County, Texas, in the sum of Thirty Thousand (\$30,000) Dollars bearing interest at the rate of 5½ per cent per annum, maturing serially; that is, one bond in the sum of One Thousand (\$1,000) Dollars to mature each year from the date thereof for 30 years, for the purpose of constructing, maintaining, and operating macadamized, gravelled, or paved roads and turn pikes or in aid thereof.

And it appearing to the Court that said petition is signed by more than 50 of the resident property tax-paying voters of said Road District No. 16 of Milam County, Texas, said Road District No. 16 having been established by an order of the Commissioners' Court of Milam County, dated the 31st day of January, A. D. 1919, of record

in book 6, page 480 of the minutes of the Commissioners' Court of Milam County, Texas, within the following metes and bounds, to-wit:

Beginning at the N. E. cor. of the W. T. Williams 159 acre tract on the Wm. Punchard league; thence S. 60 W. with the N. line of said Williams tract 300 vrs. to a point in public road for the beginning corner of this; thence S. 60 W. 605 vrs. to the N. W. corner of F. F. Reed's 80 acre tract; thence S. 30 E. with the W. line of said Reed tract about 1050 vrs. to Big Pond Creek; thence up the creek with its meanders to the S. line of V. A. Kubecka 123 acre tract; thence S. 60 W. with the S. line of Kubecka tract 300 vrs. to his S. W. cor.; thence N. 30 W. 330 vrs. with the W. line of said Kubecka tract to the S. E. cor. of C. F. Everetts 76½ acres on the Wm. Punchard league; thence S. 60 W. with Everetts S. line 480 vrs. to his S. W. corner in the E. line of H. Stoeber 149 acre tract; thence S. 30 E. with said E. line 560 vrs. to his S. E. corner; thence S. 60 W. 1419 vrs. with the S. line of said Stoeber tract and S. line of J. E. Forest tract to his S. W. corner in the Clarkson and Burlington road;

thence S. 30 E. with said road and with the W. line of E. Rotan 144½ acres 1210 vrs. to his S. W. corner in the N. line of the E. Vogelsang 302 acres on the G. B. Erath grant, also the S. E. corner of Georgia Perkins 50 acre tract on the John Benson grant; thence S. 60 W. about 880 vrs. to the E. line of the Ben Arnold Road District No. 18; thence S. 6 E. with E. line 150 vrs. to E. Dickman's E. line; thence with said Dickman's E. line 1950 vrs. to Fritz Ohlenbusch 178 acres; thence with said Ohlenbusch E. line 1552 vrs. to the S. E. corner of same and the S. W. corner of E. Vogelsang 313 acres thence N. 60 E. 121 vrs. to Little Pond Creek; thence S. with the meanders of Little Pond Creek to the S. W. Corner of H. Schwarting 206 acres on the Newsom Gwatney grant; thence with Schwarting S. line and R. L. Batte's N. line N. 60 E. 390 vrs. to the S. E. corner of said Schwarting tract; thence N. 30 W. with Schwarting E. line and B. P. Atkinson's W. line 757 vrs. to Atkinson's N. W. corner of 210 acre tract on Newsom Gwatney grant; thence N. 60 E. 916 vrs. with the N. line of said Atkinson tract and S. line of said Schwarting tract to the N. E. corner of said Atkinson 210 acres and the N. W. corner of said Atkinson's 45 acres; thence S. 30 E. with said Atkinson's 210 acres and the W. line of his 45 acres and the W. line of Mrs. Bass 110 acres 1884 vrs. to the S. W. corner of said Bass 110 acres and the S. E. corner of said Atkinson's 210 acres in the N. line of J. J. Anderson 65 acres on the A. Frazier grant; thence N. 60 E. with S. line of said Bass 110 acres and 120 acre tracts 1238 vrs. to S. E. corner of said 120 acres in the Clarkson and Jones Prairie Public Road at the N. E. corner of the A. Frazier grant in the W. line of J. J. Whitesides grant; thence N. 30 W. with the E. line of Mrs. Bass 120 acres and Mrs. Bass 65 acres 1351 vrs. to the N. E. corner of said 65 acres; thence N. 60 E. 1678 vrs. with the N. line of G. J. McLerrans land to the N. E. corner of his 100 acre tract on the J. J. Whitesides grant; thence N. 30 W. with the E. line of J. A. Franklin 114 acres and the W. line of P. H. McKinney 114 acres on the Whitesides grant 1081 vrs. to N. W. corner of said McKinney tract in the public road on the S. line of the S. P. Skinner tract; thence N. 60 E. with N. line of said McKinney tract and the S. line of Skinner tract 628 vrs. to N. W. cor.

of R. C. White 200 acre tract; thence S. 30 E. with W. line of said White tract 703 vrs. to her S. W. corner; thence N. 60 E. with the said White's line 1401 vrs. to a corner in the W. line of John Watson 240 acre tract on Whiteside grant; thence N. 30 W. 703 vrs. with Watson's W. line and Whites E. line to Whites N. E. corner and Watson's N. E. corner; thence N. 60 E. 468 vrs. with N. line of said Watson tract to his N. E. cor. and the S. E. corner of S. P. Skinner 661 acres in the W. line of Steve Marak's tract; thence N. 30 W. with Skinners E. line 1602 vrs. to his N. E. corner; thence S. 60 W. 1600 vrs. with N. line of said Skinner tract crossing Big Pond Creek to S. W. corner of Gilbert Cribbs league and the S. E. corner of the Thomas Dillard grant; thence N. 30 W. with the E. line of S. P. Skinners 96 acres and L. Fuessels 83½ acre tract and Perry Wimberly 207 acre tract 2600 vrs. to the N. E. corner of said Wimberly 207 acres also the N. E. corner of Thomas Dillard grant; thence N. 30 W. 250 vrs. to N. E. corner of the Wimberly 34 acres on the M. M. Valdez grant; thence S. 60 W. with the N. line of said 34 acres to the S. E. corner of Z. A. Booth 68 acres; thence N. 30 W. 1159 vrs. with the E. line of said Booth 68 acres and the E. line of S. G. Hensley's land to his N. E. corner; thence S. 60 W. 1087 vrs. to S. G. Hensley's N. W. corner in the E. line of G. W. Follis 50 acre tract on the Wm. Punchard grant; thence S. 30 E. 210 vrs. with the E. line of said Follis tract to his S. E. corner same being the N. E. corner of the Lloyd Mitchell 161 acre tract; thence S. 60 W. with Mitchell's N. line 1590 vrs. to the N. E. corner of Mrs. S. E. Threadgill 253 acres; thence S. 30 E. with the E. line of said Threadgill tract and the E. line of Mrs. K. W. Lebaume 220 acre tract 1256 vrs. to the place of beginning, containing 8360 acres, more or less, being 1268 acres on the Nesome Gwatney grant, 1864 acres of the J. J. Whitesides grant, 1107 acres on the Thomas Dillard grant; 246 acres of the M. M. Valdez grant; 242½ acres of the Wm. Punchard grant; 144 acres on the John Benson grant; 295 acres of the G. B. Erath grant; 313 acres of the Joseph A. Tivey grant, 334 acres of the John W. Porter grant and 14 acres of the Ransom Moore grant.

It is, therefore, considered and ordered by the Court that an election be held in said Road District No. 16, of Milam County, Texas, on the 5th day of April, A. D. 1919, which is not less than 30 days from the date of this order to determine whether or not the bonds of said Road District No. 16 of Milam County, Texas, shall be issued in the amount of \$30,000, bearing 5½ rate of interest and maturing serially; that is, one bond in the sum of \$1,000 to mature each year from the date thereof for 30 years; and whether or not a tax shall be levied upon the property of said Road District No. 16 of Milam County, Texas, subject to taxation for the purpose of paying interest on said bonds and to provide a sinking fund for the redemption thereof at maturity.

Notice of said election shall be given by publication in a newspaper published in said county for four successive weeks before the day of said election, there being no newspaper published in said Road District No. 16, Milam County, Texas, and in addition thereto there shall be posted notices of such election at three public places in said Road District No. 16 of Milam County, Texas, for three successive weeks prior to said election.

Said election shall be held at Clarkson in said Road District No. 16, Milam County, Texas, and Walker Cox is hereby appointed manager of said election.

Said election shall be held under the provisions of Articles 627 to 641, inclusive of Chapter 2, Title 18, Revised Statutes, 1911, and as amended by Chapter 203, Acts of 1917, and only qualified voters who are property taxpayers of Road District No. 16 of Milam County, Texas, shall be allowed to vote and all voters desiring to support the proposition to issue bonds shall have written or printed on their ballots the words:

"For the issuance of bonds and the levying of the tax in payment thereof."

And those opposed shall have written or printed on their ballots the words:

"Against the issuance of bonds and the levying of the tax in payment thereof."

The manner of holding said election shall be governed by the laws governing general elections in this state.

A copy of this order signed by the county judge of said county shall serve as a proper notice of said election and the County Judge is directed to cause said notice to be published in a newspaper published in said Milam County for four successive weeks next preceding such elections, there being no newspaper published in said Road District No. 16 of Milam County, Texas, and cause to be posted a notice thereof at three public places in Road District No. 16 of Milam County, Texas, for three successive weeks prior to said election.

A true copy, I certify,

## Life Was a Misery

Mrs. F. M. Jones, of  
Palmer, Okla., writes:

"From the time I entered into womanhood . . . I looked with dread from one month to the next. I suffered with my back and bearing-down pain, until life to me was a misery. I would think I could not endure the pain any longer, and I gradually got worse. . . Nothing seemed to help me until, one day, . . . I decided to

TAKE

# CARDUI

The Woman's Tonic

"I took four bottles,"

Mrs. Jones goes on to say, "and was not only greatly relieved, but can truthfully say that I have not a pain. . .

"It has now been two years since I took Cardui, and I am still in good health. . . I would advise any woman or girl to use Cardui who is a sufferer from any female trouble."

If you suffer pain caused from womanly trouble, or if you feel the need of a good strengthening tonic to build up your run-down system, take the advice of Mrs. Jones. Try Cardui. It helped her. We believe it will help you.

All Druggists

L. 68

## Ugh! Calomel Sickens; Salivates!

## Please Try Dodson's Liver Tone

I am sincere! My medicine does not upset liver and bowels so you lose a day's work.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into sour bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your

druggist sells for a few cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. Give it to the children as well.

Without birthday wishes, with our songs and kisses,  
Give it to the father, dear and kind and good.

With smiles and with singing,  
Our gift we are bringing;  
But love is the treasure  
We give without measure.

—Emily Hunington Miller.

A child feels a great deal which he cannot express in words. Froebel noted the restlessness of the little child and his constant use of his hands. He therefore devised a series of occupations appropriate to this mental stage. Ella Flagg Young said recently that the child-mind to be trained efficiently must have much emotional as well as purely academic or intellectual experience. She spoke of the industrial work of the school as giving this in its most wholesome form and said that every time the child's hand grasped a tool with which he might work out an idea he had an emotional impulse that benefitted him. Now the child in kindergarten is given material and tools and allowed to work out his own ideas. Thus the powers of imagination and creativeness are kept alive instead of being allowed to die out, perhaps never to appear again, as is the case with so many people.

Such construction work has helped my children greatly, for, after they come home from kindergarten, they always want to make things, and if I supply the material, appreciation and interest in what they are doing, they pass many busy happy hours during the afternoons in severe winter weather when it is too cold to play outdoors. It has developed their ingenuity to a remarkable extent, until now they see possibilities in almost everything.

For instance, from the cards found in milk chocolate packages they cut out the pretty houses and barns, mount them on stands and make villages.

They cut away one end of a gelatine box, put gables on the other end, and cut doors and windows in the sides.

From oatmeal boxes they cut out the figure of the man, and also cut out the letters for making little words or learning the alphabet.

In a picture book which they had themselves colored and become tired of they found pictures of a wolf and some flowers. These they cut out and mounted. On an old calendar they found a picture of a little girl re-

games and stories.

The habit of orderliness is started by requiring the children to put their playthings away neatly when they are through with them, and they instinctively acquire a sense of order from the orderly procedure followed in the plays and games and work.

The stories used in kindergarten are such as all children love to hear. They are written by experts in child study, and prepared and told in an interesting manner. While they are always amusing and delightful, they also contain a vital truth which sinks deep into the subconscious mind, imperceptibly teaching the children some important moral or ethical lesson. We mothers little know how much of the courtesy, cheerfulness and gentleness which our little ones seem naturally to possess may be traced back to some impressions made upon their plastic minds through these stories.

Kindergarten games strengthen and develop the muscles and develop fairness, service and appreciation of the rights of others. Some of the games draw the child's observation to the workaday world about him, awakening an appreciation of what the farmer, the miller, the grocer, the baker are doing for all of us, and thus arousing the first dawning sense of responsibility in regard to the work of the world. These games foster and develop gratitude, a trait lacking in many persons.

The music and songs of the kindergarten appeal strongly to the child. All that the child feels within he must be given frequent opportunity to express without, for, as Froebel says, even affection may die in a child if not properly nourished. The following song is part of a game in which the children play they are gathering flowers for father's birthday:

**The Flower Basket.**  
Weave the little basket, fill it up with posies,  
Roses from the garden, blossoms from the wood.

### Training Little Children

In The Kindergarten Children Are Taught Such Homely Virtues as Obedience, Kindness, Orderliness— They Also Acquire Valuable Information and Develop the Power to Do Many Useful Things.

Suggestions by mothers who have been kindergartners. Issued by the United States Bureau of Education, Washington, D. C., and the National Kindergarten Association, 8 West Fortieth Street, New York.

(By Mrs. Louise Guldin Simenson)

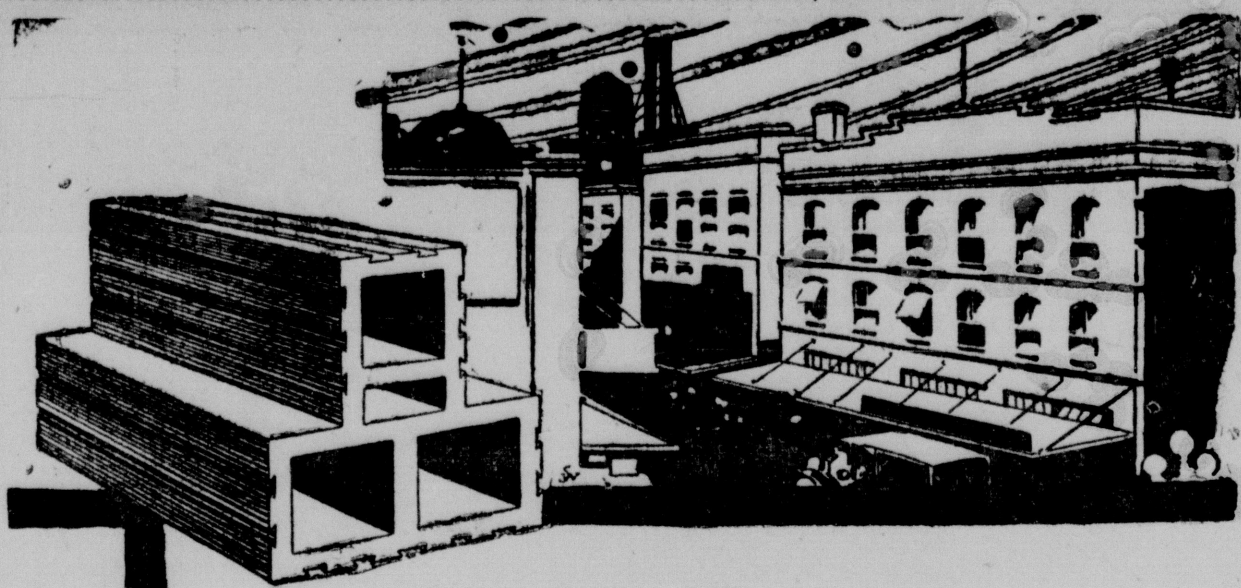

A garden is a place where a plant receives the nurture it needs for its development, the proper amount of heat, light and moisture. So a kindergarten may be thought of as an enclosure where each child is supplied with the right conditions for its development—no forcing nor pushing, just a natural unfolding of life.

Considering how much a child learns during his first six years, how important it becomes that he should be supplied with just the right material and the most intelligent supervision!

All the virtues are developed in kindergarten. The first and most important one for a child to learn in early life is obedience. We mothers know how difficult it is to establish this habit. Now the kindergarten believes that a child may be led into obedience without being forced into it and it uses many devices to strengthen the habit of obedience during the early years.

One of the ways in which kindness is taught in the kindergarten is to have the children prepare and give gifts at Christmas and Easter, Valentine's Day and May Day.

## Fire-Proof, Weather-Proof Durable and Inexpensive Buildings

The buildings that are going to be put up in this vicinity—the factories, warehouses, business blocks, schools, garages or whatever else—big or little—will be SAFER and BETTER structures if the walls are built of

### INTERLOCKING TILE

They will be FIRE-SAFE. Interlocking Tile not only cannot burn but it will not disintegrate under intense heat as brick very often does.

They will be WEATHER-PROOF. Mortar joints are interrupted by air space—do not run clear through the wall—and moisture cannot seep through.

They will be WARM IN WINTER and COOL IN SUMMER. The many dead air spaces in the walls insure that.

They will be as STRONG and DURABLE as though made of brick, and much LIGHTER IN WEIGHT. Their low cost will surprise you.

Let us prove to you the superiority of Interlocking Tile for ANY building, as well as for many improvements that can be made with it on present buildings.

**JE TER LUMBER COMPANY**  
Cameron, Texas

A SECTION OF INTERLOCKING TILE WALL

The tiles interlock, and their upright sections stand directly over each other, giving great strength. Mortar joints are interrupted, insuring no seepage of moisture. The many horizontal dead air spaces insulate against cold and heat.

## \$60.00 BONUS FOR DISCHARGED SOLDIERS

Secretary E. A. Wallace of the Milam County Exemption Board Issues Statement.

Attention! Discharged soldiers. Attention!

We are directed to give wide publicity to the following:

\$60.00 bonus to be paid to soldiers discharged since April 6, 1917.

Section 1406 of the Revenue Act approved February 24, 1919, authorizes the payment of a bonus of \$60.00 to officers, soldiers, field clerks and nurses of the army upon honorable separation from active service by discharge, resignation or otherwise.

Those who are discharged hereafter will receive this bonus on the same roll or voucher upon which they are paid their final pay.

Those who have been discharged and have received their final discharge pay without the \$60.00 bonus should write a letter to the Zone Finance Officer, Lemon Building, Washington, D. C., stating their service since April 6, 1917, and date of last discharge, and their present address to which they desire their bonus checks to be sent, and enclosing with this letter their discharge certificate, or military order for discharge, and when both were issued.

Upon receipt by the Zone Finance Officer, Washington, D. C., of this information and the soldier's discharge certificate, this officer will cause checks to be drawn and mailed to the claimants in the order in which their claims were received by him. This discharge certificate will be returned to the soldier with the check.

It is estimated that at least one million and a quarter persons have been discharged from the service who are entitled to the benefits of this act and while payments will be made as expeditiously as possible, it will manifestly take considerable time to write and mail this many checks.

Any additional information, or assistance that this Board can give will be cheerfully given upon application to us.

E. A. Wallace, Secretary,  
Local Board, Milam County.

## FIFTH SUNDAY MEETING TO BE HELD IN CAMERON

The quarterly meeting of Milam County Baptist Association will be held in Cameron, Thursday night, March 27th, to Sunday, March 30th. An interesting program has been prepared, which covers many practical phases of church work, and good speakers will discuss these subjects. The public is cordially invited to all these meetings.

B. B. Blaylock,  
Moderator, Milam County Baptist Association.

## Civic League Monthly Meeting

Friday afternoon, March 7th at 3:30 o'clock in the parlors of the Auditorium Hotel the monthly meeting of the Civic League was held.

Mrs. Jim Watson, president of the league called the meeting to order and business began. It was decided to have members of the league superintend the trash wagon that the city under the solicitation and management of the league is sending around each Tuesday in the month. These were to be appointed by the president at her own convenience.

On account of the few members present it was decided best to put off some important items of business until the next meeting which is to be the first Friday in April. All members are urged to come to this meeting.

The following financial report was sent in by the treasurer, Mrs. R. S. Boykin:

Amount on hand Feb. 1.....	\$114.40
Expenditures for February:	
Federation Dues.....	1.00
Planting shrubs in park.....	5.50
Bal. on hand.....	\$107.90

Miss Mary Popperwell of the State Educational Department, at Austin, visited our schools yesterday. Miss Popperwell, it will be remembered was at one time a member of the city school faculty.

## MUSICAL TREAT IN STORE FOR CAMERON

Vernon Dalhart, Gifted American Tenor, To Appear Here On March 28th.

To the delight of music lovers in Cameron and Milam county the announcement has been made that the Cameron Symphony Club will present Vernon Dalhart, the gifted American tenor, in a recital at the high school auditorium Friday, March 28th at 8:30 p. m.

Mr. Dalhart made his debut with Savage's "Girl of the Golden West" and as a result of his sterling work was engaged to sing the leading role in Gilbert and Sullivan's "Pinafore." The critics have been unanimous in their praise of Mr. Dalhart's singing. He has an exceptionally good tenor voice, sweet and clear and knows how to use it. He is rightfully proud of the fact that he is American born and has received all his training here. He forcefully illustrates that distinct success can be obtained without European name or reputation. Mr. Dalhart has toured the United States and Canada and in almost every city he has been immediately re-engaged for a return concert. His repertoire is large and varied. He may soon be numbered among the stars of the concert and operatic world. It is rumored that Mr. Dalhart will attempt the seemingly impossible feat of singing a duet with himself. Can it be done? This announcement will be glad-some news, an opportunity to hear a singer with the reputation of Mr. Dalhart is seldom offered to cities the size of Cameron.

## MRS. SARAH ALBRIGHT CLAIMED BY DEATH

The sad news of the death of Mrs. Sarah Albright, aged 95 years, was announced in Cameron last Tuesday afternoon, her death having occurred at 5 p. m.

Mrs. Albright was the mother of Mrs. W. H. Triggs of this city, and grandmother of Will O. R. A. and Claude Triggs of Cameron and A. J. Triggs of Rosebud.

The maiden name of Mrs. Albright was Sarah Y. Jones, she was born in Kentucky in 1824 and with her parents moved to Missouri at an early age. She was married to Rev. A. Albright in 1861, who was a member of the Missouri Methodist Conference and a minister of the gospel in that state for a number of years. In 1870 the Albright's came to Texas and settled in Galveston, having been transferred to this point by the M. E. Conference. In 1875 Rev. Albright was elected to the chair of German in the Southwestern University in Georgetown, which he accepted. After one year in this chair Dr. Albright died in 1875.

Since the death of her husband Mrs. Albright has made her home with the family of her daughter, Mrs. W. H. Triggs. This family moving from Williamson county in 1899 to Milam county, having spent the intervening time in the former county.

There were three children born to Mr. and Mrs. Albright, one of which is dead, the others being Mrs. W. H. Triggs of Cameron and George Albright.

The deceased professed her faith in the Almighty when a mere child and lived a life that almost reached the century mark with the ideals of this early profession as her guiding star. Few are those whose life has been prolonged as Mrs. Albright's and been blessed with the love from a family so dear as those who have made her life so pleasant.

The funeral was held Wednesday at 3 p. m. from the home of W. J. Triggs, 310 E. 23rd Street, conducted by her pastor, Reverend Walter Habin of the First Methodist Church of Cameron, assisted by the Reverend B. B. Blaylock of the First Baptist Church. The active pallbearers were Monta Thomas, Arthur Baskin and her four grandsons, William O. Triggs, Albert Triggs, Claude Triggs of Cameron, and A. J. Triggs of Rosebud. Interment following thereafter in beautiful Oak Hill Cemetery.

## COMMERCIAL CLUB VISITS ROCKDALE TUESDAY NIGHT

Enthusiastic Get-Together-Meeting Results In United Effort For Milam County As a Whole. New Highway Proposed That Will Open Big Trade Territory.

In response to an invitation from the Rockdale Chamber of Commerce extended to the Cameron Commercial Club last Saturday, a crowd numbering at least thirty-five or forty, attended a meeting of the former organization in that city Tuesday night of this week. To say that the trip was an enjoyable one would be a mild way to put it. The party left Cameron in cars about 7:30 o'clock and arrived in the little city about forty-five minutes or an hour later without a mishap.

A warm reception awaited the Cameron crowd. Nothing but the very best feeling of brotherly love was extended to the visitors.

After a few minutes spent in greetings the actual business session of the joint meeting of the two clubs was taken up.

President E. A. Camp of the Rockdale Chamber of Commerce called the house to order and invited President Robert McLane of the Cameron Commercial Club to a seat of honor at the chairman's desk. Attorney Camp in his usual eloquent and flowery manner extended an earnest and cordial welcome to the visitors from Cameron and other points. His first words were those that made the meaning of the joint meeting clear to every one present, that was, that Cameron's sister city, Rockdale, had called the boys over to "bury the hatchet" and "declare peace." Peace forever and a day, the abolishment of "no-man's-land" and the signing of an armistice.

President McLane made the opening address in behalf of the Cameron Commercial Club and assured the Rockdale Club that their hospitality was highly appreciated.

Speech making was first in order and Attorney W. W. Chambers was pointed out by Mr. McLane as the star speech maker of the Cameron crowd, declaring that he was the guardian and a man whose services with the club were indispensable. Mr. Chambers was called on and delivered a very impressive address. The fact that he is among the older citizens of the county and is so well and favorably known all over the county he proved to be a very good entertainer.

County Judge W. G. Gillis was next called by the chairman and this is one member of the Cameron Commercial Club that can be depended on to clear the muddy waters. Judge Gillis declared that it was a splendid occasion when the citizenship of Rockdale and Cameron could meet together in such a manner. He declared that Milam county was big enough for both towns and if we would all pull together we could have best system of highways of any county in the entire state of Texas. Judge Gillis declared that the time was upon us when the hatchet should be buried, he said that Cameron was over to bury it and knew that Rockdale was ready to do so and believed that both towns were ready to bury the fellow that digs it up.

"However, my friends" declared the speaker, "I want right here and now to get at least as many as are present here tonight straight on some matters regarding the Rockdale bond issue and some matters pertaining to same that have been seen in print." "Nearly two years ago three Cameron business men secured a bid of par and accrued interest for the Rockdale road bonds. This offer was communicated to the Rockdale Road Committee and was rejected by them after quite a lengthy consideration. Later when it was seen that the bonds could not be sold on a declining market, \$19,000 of the bonds were sold to local parties, the Rockdale banks took \$9,000 and the sinking fund of the Cameron Road District took and now hold \$10,000 of the bonds. The Commissioners' Court not only bought ten

of the bonds but also leased the county convict outfit to the Rockdale Road District and this enabled the district to put up the splendid grade work that is now ready for the gravel or crushed rock.

But a few days ago, a sale of the remainder of the issue was consummated at par and accrued interest. This sale was arranged through the Rockdale State Bank and certain business men both of Rockdale and Cameron. Thus it will be seen that Cameron and the Commissioners' Court have been ready and willing to assist Rockdale at all times. The Court now stands ready to co-operate with your commissioner and your road committee to the end that you shall get full value for every dollar spent upon your roads."

Judge Gillis in completing his most splendid address, referred to the constitutional amendment whereby the State would be in a position to vote \$75,000,000 in bonds for State highways.

Referring to the State highways Chairman Camp explained that the only business that the Rockdale Chamber of Commerce wanted to transact during the evening was to enlist the Cameron Commercial Club in a project to build a road from Giddings in Lee county up through Lexington, into Milam county to Rockdale, Cameron, Ben Arnold, Burlington through Falls county into Waco. He explained that it was possible to have this road designated as a State highway and secure State aid. This matter was discussed at length and disposed of finally by a motion prevailing to have the road committees from every commercial club in towns that this project would effect get into communication with each other and arrange a general meeting, the purpose of which would be to get this road designated as a State highway and procure state aid for the construction of same.

After the final disposition of this road matter the "wind jamming" began. Orators who had never been heard of sprang into prominence. Demosthenes, Plato and Aristotle were impersonated, in fact they were out-ripped.

Royal P. Jeter and U. S. Hearrell proved to be good entertainers for the crowd of about 200 people who had assembled. There were numbers of others who "did the best they could," which was better than a number who could not face the music at all.

The hospitality of the Rockdale people will long be remembered by Cameron, every fellow was made to feel that he was at home and mingling with his own people.

## REVIVAL MEETING AT BAPTIST CHURCH

We will begin our spring meeting on Sunday, April 6th. The meeting will be conducted by the pastor and his local forces. We hope to have an old fashioned Holy Spirit revival. One that makes the saints rejoice and the sinners weep.

We invite the Christian people of our town and community to participate with us in this meeting. Your co-operation is earnestly desired. We especially invite the singers of the various churches to assist us with the music.

We trust you will begin to pray for the success of the meeting. Make your plans to fit into the meeting, and feel that it is your meeting, for it will be held in the interest of the spiritual forces of our community.

B. B. Blaylock, Pastor.

## BLACK BILLY SUNDAY FIRES HIS BIG GUN

Noted Negro Evangelist Arrives In Cameron And Starts Big Campaign.

Very large crowds of both white and colored folks are flocking to hear "Black Billy Sunday" the noted old-fashioned negro evangelist, nightly at the Cameron Grove Baptist church, who is leading a big old fashioned revival meeting. Aside from the large attendance of negroes many coming from the nearby communities to hear this gifted negro revivalist, whose burning eloquence, wit and humor, has thrilled thousands in every section of the county, there are many influential white citizens at each service as profited worshippers and they are taking deep interest in the meetings and are lending their moral support in the campaign for the moral and religious uplift of the negro race. The gospel song services that precedes the sermons each evening are a special feature of the most talented negro vocalist in Milam county, and their singing of the famous Billy Sunday songs, plantation melodies and camp meeting hymns is worth going miles to hear.

During the week Black Billy preached several of his famous sermons, among them, "Chickens Will Come Home to Roost," in which he drew a striking lesson from a chicken, after straying away from the old barn yard would always return at the close of the day to their old roosting place. So he said, sin like chickens, would find us out unless blotted out in the blood of the atoning lamb.

The negro revivalist painted a graphic word picture of secret sins long forgotten coming home in the sunset of life to taunt the sinner with bitter remorse. Black Billy closed this powerful message with an earnest plea with his hearers to quit their meanness and get right with God.

It has been the custom of Black Billy to hold a special service in honor of the former slave owners and Confederate soldiers, when he speaks exclusively to white people. Already arrangements are under way to secure the county court house for Sunday afternoon March 23rd, when the white people of Milam county can hear one of the foremost negro preachers of the day, a man that has spoken to more people than any other negro in America, saving the late Booker T. Washington, and he is doing more to adjust the race problems in a safe, sane and effective way by the ethical teachings of the gospel as taught in the "Sermon on the Mount."

Wherever Black Billy goes it is said the community has been greatly benefited, the moral atmosphere is decidedly better and the negro sees that it is to their interest to co-operate with their white neighbors in the interest of civic decency. Thousands of ministers, public officials and influential men of both races are loud in their praise of Black Billy and the work he is doing. The effects of his marvelous sermons are already having a decided effect in the community.

Pastor Lofton extends an invitation to the many white friends to attend the services and hear this gifted negro preacher.

## VICTORY LOAN WORKERS TO RECEIVE MEDAL

Every worker connected with the Victory Liberty Loan Campaign will receive a medal made from captured German cannon. The medal will be the size of a fifty cent piece, will have a reproduction of the Treasury Department on one side and a certification on the other that the owner has participated in the Loan. A space will be left for engraving the name of the recipient.

In an interview today, Frank M. Smith, Federal District Director of the War Loan Organization, said that he knew of nothing better calculated to stimulate interest amongst the workers than this plan. Several prominent workers on being advised of the matter said not only would they want to wear the medal, but hoped that it would be handed to their children's children.

## "MODERN METHODS" SLOGAN OF JETER

Local Lumber Dealer Takes Steps Of Progress To Give Customers Service.

A person could write a great deal about the "Advance of Progress," as exemplified in the changes that are taking place in the conduct of every business and calling in America.

The march of progress is not halted by the man who insists on running his business on the same policies and along the same line such business were run twenty-five years ago, but that merchant, farmer, banker, manufacturer or what-not is left behind to wonder "what we are coming to, anyway," while the up-to-date top-notch business man, falling in step with progress keeps abreast of the times by keeping his business "up to the hour" to better serve the ever changing demands of his trade.

One such concern—and one, by the way, that keeps just a little ahead of old progress, is the Jeter Lumber Company. This enterprising firm, always on the lookout for a better way to serve their customers, have recently had made up an album of photographs of real homes, with a floor plan of each house shown, so that the home builder can see just what the house will be like and can select the arrangement of rooms to suit the location of the lot. Then, when a home is selected, they have the blue prints, showing just how the house is to be built, together with specifications to govern the work of building, all of which saves the customer the expense of an architect and the worry of possible misunderstandings after the work is begun. All of this they furnish free to their customers.

In their office a Herald representative this week looked over the album of homes, and in it are houses to fit any location, with the proper room arrangement for an east, west, south or north front. In fact, whichever way your lot faces they have a plan that will fit, with a room arrangement to get the most comfort and convenience out of the house. And these plans are all of strictly modern homes, too.

The building public should appreciate this firm—as their large and loyal list of customers shows they do.

## ACCEPTS POSITION WITH GEO. A. TOMAS & SONS.

C. W. Read, better known in Cameron as "Billie" Read, has accepted a position as prescription druggist with Geo. A. Thomas & Sons. Read was formerly proprietor of the Palace Drug Store in this city, after the war broke out sold his business and entered the service of Uncle Sam, spending months in the Navy, on U. S. S. Vicksburg and in the government at Mare Island. Mr. Read is a druggist of wide experience, he is a gentleman in particular and his many friends in Cameron will be glad to know that he has returned and will remain here.

## Big Kindergarten Rally.

Every member of the Federated Women's Club, Mothers' Club, W. C. T. U., Y. W. C. A., Suffrage Association, Council of Jewish Women and Catholic Women's Societies will talk and work for the kindergarten cause. The campaign will open with a big rally in Fort Worth, March 22nd, with an afternoon and evening session. Miss Mable M. Osgood, director of kindergarten department, College of Industrial Arts and State Chairman of Kindergarten section State Teachers' Association, will preside. Mrs. C. W. Connery, president of the Texas Federation of Women's Clubs and Chairman of the program committee, Mrs. E. A. Watters, president of the Congress Mothers and Parent-Teachers Association and State Chairman of the Child Welfare Section National Council Defense, and Mrs. A. B. Griffith, chairman of the kindergarten department of the Texas Federation of Women's Clubs and also chairman of the kindergarten committee of the General Federation of Women's Clubs will extend greetings. Speakers of note from all sections of the state will address the rally.

## TEACHERS SHOULD GET AT LEAST \$1,500 A YEAR

This Is the Only Way To Get Men  
And Women Of Superior Ability  
For Our Schools.

Doubling the salaries of teachers within the next five years, and then adding 50 per cent before another ten years have passed, so that the minimum average salary for teachers will be \$1,500—this is the program urged by Dr. P. P. Claxton, United States Commissioner of Education, Dr. Claxton says:

"It is only by very large increases in pay of teachers that we may hope to improve our schools appreciably. Small increases of 5, 10 or 20 per cent will not avail, for the schools men and women of superior ability.

"Teachers are now paid less for workers, and the increase in the pay workers, and the increase in their pay of other workers or with the increase in the cost of living. While the cost of living has increased approximately 80 per cent—food 85 per cent, clothing 106 per cent, drugs 103 per cent, fuel 53 per cent and house furnishing goods 75 per cent—the salaries of teachers have increased only about 12 per cent. The purchasing power of the salary of the teacher in our public schools is, therefore, only about per cent of what it was four years ago.

"Many of the better teachers are leaving the schools and their places are taken by men and women of less native ability, less education and culture and less training and experience. Many of the places are not filled at all. As an inevitable result the character of the schools is being lowered just at a time when it ought to be raised to a much higher standard.

"Students now entering the normal schools to prepare for teaching are not as good quality as they were formerly, which means that the standards of the schools must continue to fall. In some normal schools the enrollment is far less than in former years.

"The only remedy is larger pay for teachers. If school boards, legisla-

tors and county and city councils would immediately announce the policy of doubling the average salary of teachers within the next five years and of adding not less than 50 per cent more within the ten years following the expiration of this period, so that at the end of fifteen years the average salary of public school teachers would be not less than \$1,500—about one and a half times larger than they receive at present—and then take steps for carrying out this policy, much good would be accomplished thereby at once.

"Such a policy and such a prospect would attract to the schools more men and women of superior ability and would hold them, working contentedly and therefore, profitably for the children and the public welfare. Such increase in salary should carry with it an increase of not less than 25 per cent in the average length of the school term, which is now less than 160 days.

"To those who are not acquainted with past conditions and who have given the matter no intelligent thought, the increase recommended may seem large, but in fact it is not. It would in most States mean a range of salaries from \$1,000 to \$3,000. No person who is fit to take the time and money and opportunity of the children of this great democratic Republic for the purpose of fitting them for life, for making a living and for virtuous citizenship should be asked to work for less than \$1,000 a year in any community or in any State. No one who is unworthy of this minimum salary is fitted to do this work and no such person should be permitted to waste the time and money of the children and to fritter away their opportunity for education.

"It is not for the sake of the teachers that this policy is advocated. Schools are not maintained for the benefit of the teachers. If men and women of ability are not willing to teach for the pay offered them they can quit and do something else for a living, as hundreds of thousands of the best do. It is for the sake of the schools, the children and the prosper-

ity of the people and the strength and safety of the Nation that the policy is advocated."

## ATLANTA BUSINESS MAN IS ENTHUSED

Since Taking Tanlac Almand Says He  
Feels As Well As He Ever  
Did.

"If you had seen me before I began taking Tanlac you would hardly believe me to be the same person," said A. F. Almand, a well known seed merchant of 271-3 Peters Street, Atlanta Ga.

"For more than a year," he continued, I suffered terribly with stomach trouble. After eating anything I would always have gas on my stomach and would constantly belch up my sour, undigested food. I suffered with heartburn constantly and was extremely nervous, my liver was sluggish and I was bilious, too, I felt tired and often felt so bad that I could hardly attend to my business properly.

"I heard so many people praising Tanlac that I began taking it, too, and by the time I had finished my second bottle I had gained nineteen pounds. I never suffer now with heartburn or indigestion and am not nervous like I was before, I sleep well and get up in the morning feeling fine and ready for a hard day's work."

Tanlac is sold in Cameron by the New Cameron Drug Company.

## Habitual Constipation Cured in 14 to 21 Days

## SELECTING, TREATING AND BEDDING SWEET POTATOES

By E. A. Miller, Sweet Potato Specialist, Extension Service, A. & M. College of Texas.

A great many inquiries are being received by the Extension Service from growers, about the proper treating and bedding of sweet potatoes. As it will soon be time for bedding, the writer herewith desires to give the following important points in regard to the growing of good sound slips, free from diseases and insect pests.

Selecting Seed Potatoes: Some of the worst sweet troubles, such as the black rot and sweet potato weevil are often carried from seed beds, by way of the slips to the fields, and from the field to the storage houses or banks, making a complete round every year where allowed to do so. From this it can be seen, how important it is to start with good clean seed and thereby avoid most of the trouble as experiments have shown, that by carefully selecting and treating the seed and then planting the slips in a field where no diseased potatoes have been grown, that it is easy to raise good sound potatoes such as the market demands and which will keep well in the storage houses. On the other hand by not selecting and treating the seed, or by planting in the same field year after year, the disease will constantly get worse. It cannot be too strongly emphasized that the seed should be carefully selected and treated.

The proper place to select seed potatoes is in the field at digging time, using the hill as a unit and selecting the seed from the best hills, which have the greatest number of good uniform marketable potatoes. Each grower should have a breeding plot,

minutes in a solution of one ounce of corrosive sublimate to eight gallons of water. This solution will kill all disease spores on the outside of the potatoes, and they are often covered with such spores, but the solution cannot reach the disease after it has gone through the skin. For this reason it is absolutely necessary to first discard all potatoes having black or diseased spots, and then dip the rest. After treated they are ready to be placed in the seed bed, far enough apart, so that they do not touch, or allowed to dry, and then covered with three inches of good soil.

The slips should be dipped in the same solution before being planted. The slips are merely rinsed and then the water shaken off.

Selecting and treating the seed is so extremely important and so very simple that it is hard to understand why some growers still neglect to attend to this and prefer to take a chance on not having any diseases to contend with, which is like playing with fire.

Preparing Seed Bed.  
A good way to make the seed bed is to build a frame of 1x12 inch boards raising them two high on the north side and thereby giving the frame a good slope. The soil should be removed to a depth of six to eight inches inside the frame and four to six inches of fresh manure placed in the excavation preferably horse manure, from animals that have not been fed diseased potatoes. Then three to four inches of good soil is placed on the manure. In a few days when the temperature of the bed is between 75 to 90 degrees, it is ready to receive the potatoes. These are then covered with about three inches of good soil and kept moist. During cold days and nights the beds should be covered with canvass.

A well drained place, where no potatoes were grown before, should be selected for the seed beds. If possible have the beds sloping to the south, so as to get the maximum amount of sunshine. It is also important that the potatoes themselves are placed a

little above the level of the surrounding soil, in order not to get too wet in case of rainy weather.

By following these directions the growers should be able to raise good sound slips, which will pass inspection and be really worth something.

The Quinine That Does Not Affect The Head Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness or ringing in head. Remember the full name and look for the signature of E. W. GROVE, 25c.

A Simple Matter.

Pat—After all, it's a great pleasure to be missed by someone.

## BATTLE CASUALTIES TOTAL 240,198 MEN

Figures Announced By General March  
1,390,000 Americans In Actual Fighting.

Americans troops actually participating in engagements against the enemy numbered 1,390,000 men. General March has announced showing that 1,100,000 comprised divisional troops and divisional replacements; 240,000 corps and army troops, and 50,000 service of supply troops.

Battle casualties of the American army in France as shown by revised divisional records, announced last Saturday by General March, totaled 240,197. These include killed in action, wounded, missing in action and prisoners. There probably will be some slight further revision as final reports are received.

The Second Regular Division showed the greatest losses in the revised list, with 24,429. The First Division came next, with 23,973. The 28th (Pennsylvania) led National Guard and National Army divisions, being fourth in the list, with 14,417. The 32nd (Michigan and Wisconsin) was fifth, with 14,268.

In the new list the 42nd Division (Rainbow) reported a total of battle casualties of 12,252; the 77th (New York: Metropolitan National Army) 9,493; the 26th (New England,) 8,955; the 27th (New York) 7910 the 30th Tennessee, North Carolina South Carolina,) 6893.

The battle casualty figures now announced include the totally wounded, which were not included in the tables of major casualties recently made public by the war department. The new list includes: 90th (Texas and Oklahoma,) 9710; 82nd (Georgia, Alabama, Tennessee,) 8300; 35th (Missouri, Kansas,) 7745; 89th (Kansas, Missouri, South Dakota, Nebraska, Colorado, New Mexico, Arizona) 7093; Third (regular) 16,355; Fourth (regular) 12,948; Fifth (regular) 8,280; 78 (Western New York, New Jersey, Delaware) 8133; 33rd (Illinois) 7860; 29th (New Jersey, Delaware, Virginia Maryland, District of Columbia,) 5972; 91st (Alaska, Washington, Oregon California, Idaho, Nevada, Montana, Wyoming, Utah,) 5838; 80th (Virginia, West Virginia, Western Pennsylvania,) 5133; 37th (Ohio) 4303; 79th (Pennsylvania, Eastern Maryland, District of Columbia,) 3333; Seventh (regular) 1546; 81st (North Carolina, South Carolina, Florida, Porto Rico,) 1062; Sixth (regular,) 285; 88th (North Dakota, Minnesota, Iowa, Western Illinois,) 63.

### Dixie Lyceum Number

We want you to hear Rauph Parlette's humorous and philosophic lecture tonight, March 13th at the high school auditorium. Parlette's coming is a big event for this community. More than two million people have paid to hear him lecture the past twenty years and today he cannot fill all engagements offered him. We are fortunate.

We are your own fellow citizens, selling the tickets and assuming the responsibility in order that this community may hear a great lecture. You will find Parlette's lecture as entertaining as a show, as helpful as a sermon, and you will never forget it. Think of the entertainments you have forgotten. Here is one you will never forget.

Postpone your engagements to hear Parlette. Take all the family. Don't let people tell you next day, "You missed the best thing of your life last night."

Under the auspices of the Young Woman's Business League.

### Shows Good Report

County Auditor Giles L. Avriett has compiled the following statement showing the fund balances in the following funds of date March 6th, 1919, as compared with the balances of date January 6th, 1917, when the audit was made at that time by the Audit and Bonding Company of St. Louis.

Balances January 6, 1917.	
General fund, credit.....	\$ 3820.18
Road & Bridge, overdrawn.....	28014.91
R. & B. No. 1, overdrawn.....	1428.21
R. & B. No. 2, overdrawn.....	2020.86
R. & B. No. 3, overdrawn.....	412.45
Balances March 6, 1919.	
General fund, credit.....	\$39069.67
Road & Bridge, credit.....	2333.78
R. & B. No. 1, credit.....	906.17
R. & B. No. 2, credit.....	1134.87
R. & B. No. 3, credit.....	2243.00

The above report shows quite an improvement in these various funds since Mr. Avriett has been inducted into the office of County Auditor.

Rev. J. Coy Williams and family of Rockdale and Rev. W. O. Weir and family of Milano spent Tuesday with Rev. W. G. Harbin.

### LITTLE "MONEY MAKERS" FOR THE FARM

The field for Poultry Raising hasn't been scratched yet, for never has there been such a demand for chickens as right now. Then why shouldn't every farmer get a share of the profits?

Nature's Incubator—the setting hen—is too slow to meet the present world-wide demands for poultry. On the other hand, a good incubator, properly managed, turns out a multitude of strong healthy chicks and is as important about the modern farm as a planter, cultivator or a Ford car.

If you haven't time to tend to it, buy one for Mother and the Girls and let them get a little of the immense profits in poultry raising.

The SAFETY HATCH Incubator, which we handle is one of the very best makes on the market; easy to operate and sure to give satisfaction.

This is the best season of the year for Artificial Hatching. Come in at once and talk it over with us.

## LOAN CAMPAIGN WILL OPEN ON APRIL 21

Increase In Interest Rate Over Former Issues Is Possible.

The Victory Liberty Loan campaign will open Monday, April 21, and close three weeks later, Saturday, May 10.

Secretary Glass has announced these dates together with the fact that short-term notes maturing in not over five years would be issued instead of longer term bonds. The amount of notes to be offered was not disclosed, but it has been generally understood that the loan would be for a minimum of \$5,000,000,000 with the Treasury reserving the right to accept all oversubscriptions.

Mr. Glass said the interest rate on the notes and the amounts to be exempted from taxation would not be determined until a week or two before the campaign, as they would be based upon financial conditions at that time. It was intimated, however, that the notes might bear interest in excess of 4 1/2 per cent, the interest rate on the third and fourth loans.

"After studying financial conditions in all parts of the country," said Mr. Glass, "I have determined that the interests of the United States will best be served at this time by the issuance of short term notes rather than of longer term bonds which would have to bear the limited rate of interest of 4 1/2 per cent."

"The Victory Liberty loan will, therefore, take the form of notes of the United States maturing in not over five years from the date of issue. These notes will be, as were the Liberty loan bonds, the direct promise to pay of the United States, will be issued both in registered and coupon form, and the coupon notes will be in final form and will have attached the interest bearing coupons covering the entire life of the notes. I am hopeful that the notes in final engraved form will be ready for delivery by the opening of the campaign on April 21.

"I am led to adopt the plan of issuing short term notes rather than long term bonds largely because of the fact that I believe a short term issue will maintain a price at about par after the campaign is concluded for more readily than would a longer term issue."

### Goodwin-McLerran Wedding

At the home of the bride's parents, Mr. and Mrs. S. W. McLerran of Jones Prairie on Monday night, March 10, occurred the marriage of Miss Beulah Louise McLerran and Mr. Benjamin Goodwin of Cameron.

Rev. B. B. Blaylock of the Cameron Baptist Church performed the ceremony.

mony that united this happy young couple.

Miss McLerran was born and reared in Jones Prairie and is well known in Cameron. She is a beautiful and talented young lady. Mr. Goodwin is the son of our fellow-townsmen, Mr. W. W. Goodwin, who has recently moved to Cameron from his farm near Rosebud. The young man is a fine young fellow and is at present a successful farmer.

Mr. and Mrs. McLerran left on the Sap for Waco for a few days visit after which they will reside on Mr. Goodwin's farm near Rosebud.

The best wishes of the people of Cameron go with this young couple in their new life.

**Ford**  
THE UNIVERSAL CAR

Ford cars have become such a world utility that it would almost seem as if every family ought to have its Ford car. Runabout, Touring Car, Coupe, Sedan, (the two latter have enclosed bodies,) and the Truck Chassis, have really become a part and parcel of human life. You want one because its service will be profitable for you. We solicit your order at once because, while production is limited, it will be first come, first supplied.

MRS. EDWIN F. GAY

Washington always welcomes an official southern hostess, especially one as charming as Mrs. Edwin F. Gay, wife of the new senator from Louisiana. The Gays are from New Orleans.

## Total Eclipse of Sun in May.

The total solar eclipse, May 29, 1919, will be comparable with the eclipse of last summer in the long stretch of continental territory covered by the path of totality, though not in accessibility of places along the path. The track extends across South America at its widest part, and also across equatorial Africa. The duration of totality will be exceptionally long (six seconds or more). The Carnegie Department of Terrestrial Magnetism, Washington, is planning to send two expeditions to favorable points.

## Forty-Two Club With Miss Hardy

An enjoyable afternoon was spent by the members of the "42" club and other invited guests with Miss Vance Hardy last Thursday.

The house was beautiful throughout—spring flowers made the rooms fragrant and lovely. In the reception hall carnations in red, white and pink hues were effectively used. The dining room and hall favored the narcissus and jonquils, while the living-room was lovely with pink hycianths.

Amid all this beauty four tables of players bid and passed and bid again. Dainty score cards featuring parrots were passed and during the games, Jordan almonds in baskets, further carrying out the parrot design were placed on the tables for the enjoyment of the guests.

At the conclusion of the game it was found that Mrs. Jim Watson, who won low score at Mrs. Graves' party had redeemed herself by carrying off high score. The hostess assisted by Mrs. Mattie Batte served the following delightful menu:

Pressed Chicken  
Olives  
Fruit Salad  
Cheese Balls  
Marshmallow Pudding

The guests of the club were: Mesdames Jim Sampson, A. C. Strickland of Groesbeck, Frank Lesovsky, S. M. Burns, Jr., C. G. Overton of El Paso, W. T. Hefley, Arthur Aiken and Chester Farris of Arlington.

## CITATION

## The State of Texas.

To the Sheriff or any Constable of Milam County—Greeting:

You are hereby commanded to summon Patrick G. Tarter, by making publication of this citation, once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the district court of Milam county, to be holden at the court house thereof in Cameron, on the 5th day of May, A. D. 1919, the same being the first Monday in May, A. D. 1919, then and there to answer a petition filed in said court on the 3rd day of March A. D. 1919, in a suit, numbered on the docket of said court No. 7874, wherein Maude Iona Tarter is plaintiff and Patrick G. Tarter as defendant said petition alleging:

That plaintiff and defendant were married on or about the 20th day of March, 1913, in Travis county, Texas; that defendant without cause on or about the 17th day of February, 1914, in Milam county, Texas, left plaintiff with the intention of permanently abandoning her, and they have not since lived together; that plaintiff has for the last twelve months prior to date of filing of petition been an actual bona fide inhabitant of the State of Texas, and has resided in Milam county for six months next preceding said date. Plaintiff prays for judgment dissolving marriage relations, for costs, and general relief.

Herein fail not, but have before said court on the said first day of the next term thereof, with your return thereon, showing how you have executed the same.

Witness, Penn Wolf, Clerk of the District Court of Milam County, Texas Given under my hand and the seal of said court, in Cameron, this 3rd day of March, A. D. 1919.

(SEAL) PENN WOLF, Clerk of the District Court, Milam County, Texas. 44-4t-48

Mesdames N. Cass, Sam Hefley and Lloyd Mitchell and Miss Annie Lee Peeples motored to Buckholts Sunday for a visit with Mr. and Mrs. J. B. Rector.

## Is Your Car Ready For Spring?

PHONE 482

CAMERON, TEXAS

Dinner For Distinguished Guest  
Saturday evening, March 8th, Rev. W. G. Harbin gave a dinner in honor of Dr. A. J. Weeks, editor of the Christian Advocate, who was a visitor in the city.

The invited guests of the occasion were the board of stewards of the Methodist church of Cameron and the Methodist preachers of the county. Places were laid at the table for twenty, however, only thirteen attended, Rev. W. O. Weir of Milano being the only out of town preacher who responded to the invitation.

The table was in white and red and

the effect was beautiful. Red carnations and red shaded candles in crystal sticks were placed about the table. Cards with rabbits painted on them marked the places of the guests. Five courses were served by Misses Vance Hardy and Beulah Stiles.

During the evening talks were made by Revs. Weeks and Harbin and other visitors. Edison music under the management of Miss Jessie Guffey was enjoyed during the dinner.

The following young ladies prepared and served the dinner for Mr. Harbin: Misses Ruth Goddard, Beulah Stiles, Jessie Guffey, Kitty Cain,

Jewel Joslin and Vance Hardy.

Presbyterian Endeavor Society Entertained.

Tuesday evening Mrs. Hubert Atkinson entertained the Endeavor Society in her home. A lively bunch of some thirty young folks were present. The business of the society came first then games and fun, concluding with ice cream and cake.

## Piles Cured in 6 to 14 Days

Druggists refund money if PAZO OINTMENT fails to cure itching, blind, bleeding or protruding Piles. Instantly relieves itching Piles, and you can get restful sleep after the first application. Price 60c.

## CO-OPERATION

The greatest single element in the successful management of a farm is CO-OPERATION with a bank.

We, also, need this CO-OPERATION and we especially invite the accounts of farmers.

Help us when your yield is plentiful and we will help you when it isn't.

Children Cry for Fletcher's

**CASTORIA**

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of *Chas. H. Fletcher* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

**What is CASTORIA**

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

**GENUINE CASTORIA ALWAYS**

**How Will You Spend Your Vacation? Think it Over.**

Young men and women who are ambitious to achieve success should not waste the summer months. One vacation properly spent will prepare you for a profitable life. Many who, at the close of school last year, entered the Tyler Commercial College to spend the summer months are now holding splendid positions or attending a university, paying their way with the commercial training they received. Every year we have more than a thousand students who finish during their vacation to take good positions during the big fall business. It is useless to idle away the summer months. Business men in all lines are busy, and ambitious young people would rather be with a large enthusiastic student body in a big school building under electric fans mastering Bookkeeping, Shorthand, Telegraphy, Business Training, Business Administration and Finance, Penmanship or Cotton Classing than to be idle and blighting their future. Write for a large illustrated free catalogue of the Tyler Commercial College. Read of the advantages of our splendid courses of instruction and of those who have graduated and are now holding good positions and what they say of our college and what their employers think of our efficient training. Read how some have worked their way through school, how others borrowed the money to pay board and gave the college their note for tuition and made it pay them big dividends, how others quit jobs at small salaries, completed courses with us and went back to the same firm at two or three times their previous salary. Some who were unable to come to our school finished our Home Study course and never quit drawing their salary. Make arrangements to enter as soon as your school closes. The United

States Government holds Civil Service examinations in Tyler enabling our graduates to go in positions at salaries from \$900 to \$1800. There is a great demand for clerical help in government reconstruction work and our graduates are receiving prompt appointments. The salaries are advanced after three months of satisfactory service, and the pay is sure and prompt. We not only make a specialty of preparing our students for positions with business houses but to pass the Civil Service examination for Stenographers, Bookkeepers, Typist and Clerks. Fill in for free catalogue and mail to Tyler Commercial College, Tyler, Texas.

Kosse Cyclone: That Texas is developing by leaps and bounds is shown by the almost wonderful increase in the cost of running the state governments. The demands made by State officials and heads of the various institutions of the State, upon the legislature, are increasing at a rate that is almost beyond belief. But the Legislature can be depended upon not to furnish all the money demanded, and in many instances a deserving institution or department may be made to suffer.

**A Tonic Laxative**

that will remove the bile from the Liver and cleanse the System THOROUGHLY without griping or disturbing the stomach is truly a Perfect Laxative.

**LAX-FOS WITH PEPSIN**

is the name of a Reliable and Perfect Laxative which soon relieves Sick Headache, Dizziness, Indigestion, Stomach Trouble, Gas and Piles caused by a Torpid Liver and Constipation. Always use a Reliable Laxative in the treatment of Colds, Grip and Influenza.

LAX-FOS WITH PEPSIN is a Liquid Digestive Tonic Laxative excellent in its effect on the System, both as a tonic and as a laxative. It is just as good for Children as for Adults. Pleasant to take. Children like it. 50c.  
Made and recommended to the public by Parls Medicine Co., St. Louis, Mo., manufacturers of Grove's Tasteless Chill Tonic.

**ROAD BOND ELECTION NOTICE**State of Texas,  
County of Milam.

On this the 11th day of February, A. D. 1919 the Commissioners' Court of Milam county, Texas, being in special session came on to be considered the petition of O. R. Looney and 27 other persons praying that bonds be issued by Road District No. 17 of Milam county, Texas, in the sum of \$20,000 bearing interest at the rate of 5½ per cent per annum maturing serially; that is, one bond in the sum of \$666.66 2-3 to mature each year from the date thereof for 30 years, for the purpose of constructing, maintaining, and operating macadamized, graveled, or paved roads and turnpikes or in aid thereof.

And it appearing to the court that said petition is signed by more than a majority of the resident property tax-paying voters of said Road District No. 17, of Milam County, Texas, and said Road District No. 17 having been established by an order of the Commissioners' Court of Milam county, dated the 31 day of January, A. D. 1919, of record in book 6, page 478 of the minutes of the Commissioners' Court of Milam County, Texas, with in the following metes and bounds, to-wit:

Beginning at a point where the W. line of the Newsome Gwatney survey crosses the south bank of Little Pond Creek, said point being the N. W. corner of the 147 acres tract of land deeded by R. L. Batte to Atkinson & Yager; thence N. 60 E. 390 vrs. to corner of the B. P. Atkinson 210 acre tract; thence N. 30 W. 757 vrs. to the N. W. corner of said 210 acre tract; thence N. 60 E. 916 vrs. to the N. E. corner of said 210 acre tract; thence S. 30 E. 1884 vrs. to the S. E. corner of said 210 acre tract, said corner being in the S. line of the Gwatney survey; thence S. 60 E. with said Gwatney S. line 520 vrs. to the N. E. corner of the land deeded by H. McKinney to O. M. Smith; thence S. 30 E. 1308 vrs. to the S. E. corner of said Smith land; thence S. 60 W. 570 vrs. to corner in dividing line between Frazier and W. H. Walker surveys; thence N. 71 W. 1135 vrs. to the N. E. corner of William Koring 99 acre tract; thence S. 19 W. 1026 vrs. to S. E. corner of said Koring tract; thence S. 71 E. 226 vrs. to N. E. corner of Julius Lorinz 123 acre tract; thence S. 19 W. 1335 vrs. to the S. E. corner of the M. Schwarting 50 acre tract; thence N. 71 W. 298 vrs. to corner in N. line of a 193 acre tract owned by B. L. Bergum; thence S. 19 W. 903 vrs. to corner in S. line of said Bergum tract; thence N. 71 W. 340 vrs. to corner in dividing line of Walker and Dorsey surveys; thence S. 19 W. 1027 vrs. to S. E. corner of said John Dorsey survey; thence with S. line of said Dorsey survey N. 71 W. 3020 vrs. to the S. W. corner of this at a point where said S. line crosses the E. line of Road District No. 18, thence with the E. line of said District No. 18 N. 1 W. 2014 vrs. to the S. W. corner of the J. A. Wilkinson 320 acre tract; thence continuing with said E. line N. 6 W. 5015 vrs. to a point where the E. line of said District No. 18 crosses the E. line of the Ed Dickman tract of land, for the extreme N. W. corner of this; thence with the E. line of said Dickman land S. 42 E. 790 vrs. to the S. E. corner of said Dickman land, said corner being the N. E. corner of the Fritz Ohlenbusch tract of land; thence S. 60 E. 1552 vrs. to the S. E. corner of said Ohlenbusch tract; said corner being in the S. line of the Joseph A. Tivey 640 acre survey; thence with said S. line N. 60 E. 121 vrs. to corner in Little Pond Creek; thence down said creek with its meanderings to the place of beginning containing:

Making a total of 5760 acres.

It is, therefore, considered and ordered by the court that an election be held in said Road District No. 17 of Milam county, Texas, on the 22 day of March, A. D. 1919, which is not less than 30 days from the date of this order to determine whether or not the bonds of said District No. 17 of Milam county, Texas, shall be issued in the amount of \$20,000, bearing 5½ rate of interest and maturing serially; that is, one bond in the sum of \$666.66 2-3 to mature each year from the date thereof for 30 years, and whether or not a tax shall be levied upon the property of said Road District No. 17 of Milam County, subject to taxation for the purpose of paying interest on said bonds and to provide a sinking fund for the redemption thereof at maturity.

Notice of said election shall be given by publication in a newspaper published in said county four successive weeks before the day of said election, there being no newspaper published in said Road District No. 17, Milam county, Texas, and in addition thereto there shall be posted notices of such election at three public places in said Road District No. 17 of Milam county, Texas, for three successive weeks prior to the election.

Said election shall be held at Vogelsang School House in said Road District No. 17, Milam County, Texas, and O. R. Looney is hereby appointed manager of said election.

Said election shall be held under the provisions of Articles 627 to 641, inclusive, of Chapter 2, title 18, Revised Statutes, 1911, and as amended by Chapter 203, Acts of 1917, and only qualified voters who are property

tax payers of Road District No. 17 of Milam county, Texas, shall be allowed to vote and all voters desiring to support the proposition to issue bonds shall have written or printed on their ballots the words:

"For the issuance of bonds and the levying of the tax in payment therefor."

And those opposed shall have written or printed on their ballots the words:

"Against the issuance of bonds and the levying of the tax in payment therefor."

The manner of holding said election shall be governed by the laws governing general elections in this state.

A copy of this order signed by the County Judge of said county shall serve as a proper notice of said election and the County Judge is directed to cause said notice to be published in a newspaper published in said Milam County for four successive weeks next preceding such election, there being no newspaper published in said Road District No. 17 of Milam county, Texas, and cause to be posted a notice thereof at three public places in Road District No. 17 of Milam county, Texas, for three successive weeks prior to said election.

A true copy, I certify.

County Judge, Milam County, Texas

**17-YEAR LOCUST TO INFEST COUNTRY SOON**

**Methods Of Combatting Pest Outlined By Department of Agriculture.**

Great swarms of the seventeen-year locust will infest the United States in late May and early June this year, which is expected by scientists to be one of the worst "locust years" on record. Expert of the Department of Agriculture, however, see nothing alarming in the prospect.

Once regarded superstitiously as a harbinger of disaster, the periodical cicada, popularly known as the seventeen-year locust because it comes at long intervals, is seen now to be no more than an ordinary nonpoisonous insect pest, which can do little damage if proper precautions are taken. The chief injury inflicted by the insect consists almost wholly in chiseling grooves in the branches of trees for depositing eggs. Young fruit trees sometimes are killed, but the damage seems greater than it actually is, according to the entomologists, and popular alarm is out of proportion to the real danger.

Suggested precautionary measures

are: Defer putting out young fruit trees until next year; postpone budding operations; do no pruning this spring. When the insects begin coming out, hand pick them from young trees or spray them with pyrethrum powder, kerosene emulsions or a solution of carbolic acid or creosote acid.

**Spray With Whitewash**

Later, when the insects are ready to begin laying, spray young fruit trees with whitewash.

The Department of Agriculture has kept close check for many years of all the broods of locust and can forecast accurately when and where the pests will appear. Large regions will be affected this year where one brood appeared seventeen years ago and in other regions which suffered thirteen years ago, the States including Alabama, District of Columbia, Delaware, Georgia, Illinois, Indiana, Iowa, Kentucky, Maryland, Massachusetts, Michigan, New Jersey, New York, North Carolina, Ohio, Pennsylvania, South Carolina, Tennessee, Vermont, Virginia, West Virginia and Wisconsin.

Belief that the 1919 brood will be exceptionally large is based on the fact that the seventeen-year brood coming out this year is brood ten, perhaps the largest of the seventeen-year brood, and that brood eighteen of the thirteen-year family comes out at the same time. The year 1868 was the greatest locust year in history, when brood nineteen, the largest of the thirteen-year family, appeared in conjunction with brood ten of the seventeen-year family.

**Spectacular Swarms**

There will be three regions of greatest occurrence of brood ten, one covering New Jersey, Maryland and Eastern Pennsylvania, another covering all of Indiana, the greater part of Ohio and Southern Michigan, and a third covering Western North Carolina, Eastern Tennessee and Northern Georgia. While brood ten will affect twenty States, brood eighteen will appear in only five States—Alabama, Georgia, North and South Carolina and Tennessee, and only limited areas in those States.

C. L. Marlatt, chairman of the Federal Horticultural Board, who has perfected the information on the cicada, calls the insect the most interesting in the world, because of the spectacular

lar swarms in which it appears, its queer recurrence at long intervals and the portentous significance frequently attached to it. Every locust year has been a year of fear and dread, even in civilized times. Some people have fancied that they could detect in the cry of the insect a resemblance to the names of the Egyptian monarch, Pharaoh, who persecuted the Israelites. Superstition attached also to the shape of the filmy bars on the cicada's wings, which seemed to form the letter W, interpreted as a forecast of war.

"Since this outbreak will come just at the conclusion of the greatest war," Mr. Marlatt said, "and when even the imagination of the rural prophet could hardly conjure up the likelihood of another one, some new explanation will apparently have to be found."

Cameron, Texas, March 13, 1919

#### ROCKDALE AND CAMERON

On Tuesday night of this week some thirty-five or forty members of the Cameron Commercial Club visited the Rockdale Chamber of Commerce in response to an invitation extended by that enthusiastic organization at their last meeting. The Cameron delegation received a welcome characteristically Rockdalean in its simplicity and earnestness, which set every member of the party at perfect ease. The object of the meeting was to destroy the petty commercial and civic jealousy that has apparently existed between these sister cities for years, and to bring about complete harmony between the two organizations for the work and duties resting upon them for the upbuilding of Cameron, Rockdale and Milam County as a whole. The results of the get-together meeting was all that could be desired, every member of both clubs resolving to do his "dead level best" for the mutual benefit of the county. Strong speeches were made by prominent goods roads leaders of each side for the betterment of Milam county's road system, a matter that is absolutely indispensable to the welfare of any county or state and without which it will ultimately sink into political,

economic and commercial oblivion. We are indeed glad to have been one of the party on this occasion and to have taken a small part in this move, which by hard work and concentrated effort on the part of such men as only Cameron and Rockdale can bring forward and bring Milam county to the forefront and make it the greatest county in that imperial commonwealth of the South—big, broad-minded, free-hearted, hospitable Texas.

The school bond election is only three weeks away, Tuesday April 1st, talk to your friends whom you think might be in doubt about the issue. Every honest man is open to conviction and the citizens of Cameron are all honest men. Vote for the good of your schools, the greatest single institution any community can have.

On Tuesday, April 1st, be a man, a true citizen of your town, county and state—above all be a blue blooded American—the greatest privilege that the Creator has give to man—vote for the school bond tax. Our schools are the very foundation of our civilization and without them in the very highest point of efficiency, no state or nation can stand. Vote for the bonds and the future prosperity of our land.

"No-man's-land" is no more. This much abused, shell torn, rut-infested, anti-travel strip of road lying between Minerva and the progressive city of Rockdale was wiped off the map at the joint meeting of the Rockdale and Cameron commercial organizations at Rockdale Tuesday night. This road is famous (or rather infamous) for its ability to give even a Ford a bad case of indigestion, being practically impassable to every form of vehicle with the possible exception of an airplane. The news of its demise will be received with much gratification to the traveling public from all over this section of the state. May we soon be able to ride over this road with a glass of grape juice? gently sitting on the radiator of our cars and spill "nary a drop".

#### FASHIONS AND FORMALITIES

How many people are to all intents laboring under the delusion that for-

malities and fashions are divinely inspired rules and laws to be observed by all who would be truly noticeable in this old world! It is a fact that a large number of supposedly intelligent people judge others by their observance of fashion and custom, when in reality these are only a small part of the true indications of character and genuine manhood and womanhood.

Some laws of formality are desirable; some are not. No reasonable person would deny that it would be proper to discard the custom of eating with the fork and similar customs which are so essential to good manners. No one would think of walking down our streets in the garb of an Hawaiian hula hula maid; because, although it may be perfectly proper in Hawaii, it is far from fashionable in this country of more advanced civilization. Some laws of fashion and custom are necessary for various reasons.

However, it is the tendency among some to accentuate the unimportant rules as well as the essential ones. Thanks to the war this tendency is not so marked at present as it was two years ago. Yet, some people's lives are bound ironclad by hundreds of petty customs and practices set before them. These people are similar in many respects to the circus ape who makes a wonderful show in trying to imitate the clown.

There are some who are not well capable of much else than to follow suit and play the part of the circus ape. Such are not to be reprimanded but rather pitied in their affliction.

On the other hand there are those whose intellect could be turned to useful sources, but they begin to whiff the opianic fumes of fashion and start off on the delusive flight to—nowhere. According to these minds, and it is a fact that most of them are women, the one who disregards the paths trailed by others of exclusive society immediately brands himself ignominious.

It is safe to say that 90 per cent of fashion's formalities are superficial. Originally, fashion was surely intended for becomingness and refinement. Now an exclusive set of pinheaded professionals set the styles and the people follow like so many sheep directed by the herd dog. Some set up artificial traps of formality and try to judge humanity by their brands. It is as impossible as it is to judge a man's brain by the size of his foot. A true man or woman is worth a score of human monkeys. The war has awakened many to the proper view of life and its objects. Some are awakening and some will never dishale the fumes of shallow non-essential formalities.

#### Next Sunday's Services at Baptist Church.

Last Sunday the pastor was greeted by two good audiences, and both services were delightful. At the evening service, the pastor spoke on "Christian Union," the first of a series of sermons on this subject. Next Sunday evening he will speak on "The Causes of a Divided Christianity." Do you attend church services regularly? Does the service mean much to you when you go? What criticism have you to offer to the average church service?

You are welcome to all the services at the Baptist church. Come and worship with us.

B. B. Blaylock, Pastor.

New wall paper, at most reasonable prices. Geo. A. Thomas & Sons. Drugs and Jewelry.

#### This Amendment Must Be Adopted.

All friends of progress in Texas will rejoice over the action of the Legislature in passing finally the resolution submitting to the people a constitutional amendment authorizing the State to issue bonds to a limit of \$75,000,000 for roads. We believe people will adopt this amendment by overwhelming majority and, therefore, that Texas will soon witness an era of road building that will give us one of the finest public road systems in the world.

But this faith should not deter the leaders in this movement from beginning early and organizing the whole State to put this amendment over. The election will not be held until next November, so there will be ample time to do this. We have seen too many meritorious propositions killed in the past through indifference and neglect not to know that even such an amendment as this would be in danger of defeat if the proper campaign were not made.

This amendment means so much to the future of the State that even the most optimistic outlook should not be permitted to lull us into the a feeling of security which might do as much harm as indifference. A campaign of education covering every County in the state, should be launched in time to insure that the people shall be fully aware of its significance. It should be carefully planned beforehand and projected in such a way as to reach every voter and put the matter before him in a simple and straightforward fashion. We do not doubt that the good roads leaders of the State already have this in mind, and so far as they are concerned the suggestion is not necessary. But they will need the assistance and support of every wide awake citizen. We must be ready to give such support when the time comes.—Fort Worth Star-Telegram.

#### AMERICAN SHIPS NOW PLYING THE VARIOUS OCEANS

For the first time since the days of the famous "Clipper" ships, American merchant craft are now plying the seven seas carrying products of the United States to the farthest corners of the earth and bringing home both essentials and luxuries.

The shipping board has announced that the American merchant marine fleet built up under the spur of war's necessity represented nearly one fifth of the entire sea going tonnage of the world and comprised 46 per cent of all ships clearing from United States ports as compared with 9.7 per cent before the great war.

Trades routes not traversed by American craft for more than fifty years once more are invaded, with new routes established to China, Australia, New Zealand, India, the Dutch East Indies, the west coast of Africa, and ports on the Mediterranean. Ships flying the Stars and Stripes also are running regularly to South America, Great Britain and continental Europe Europe as well as to Canada and Mexico.

Mrs. A. C. Strickland of Groesbeck returned to her home Saturday after a week's visit to her parents, Mr. and Mrs. Wm. Henderson. She was accompanied as far as Waco by Miss Olive Henderson who spent Saturday and Sunday in that city.

#### SHRAPNEL

##### A MISSING SWITCH.

"Aren't you ready, dear?" called husband from down stairs.  
"As soon as I fix my hair, Henry," came the reply.  
"Havent you fixed your hair yet, for gracious sakes!" came from Henry an hour later.  
"Fixed it?" shouted back the female voice. "I havent found it yet!"  
Pittsburg Chronicle-Telegraph.

##### Bumptious Family

An old farmer who by hard work and parsimonious habits, had got together a little fortune, decided that the time had at length arrived when he was justified in ordering a family carriage. He went to a carriage builder and described in detail the kind of vehicle he wished to buy.  
"Now I suppose you want rubber tires, sor?" said the carriage builder.  
"No, Sir," replied the old farmer in tones of resentment. "My folks ain't that kind. When they're riding they want to know it."—Edinburg Weekly Scotsman.

##### Waste of Time

One Hoyt was fishing from the banks of a stream when there approached him an individual named Gates, who remarked with a yawn:  
"Time ain't very valuable to you, brother, that's plain. Here I been a watchin' you three hours, and you ain't had a bite."  
"Well," drawled the fisherman, "my time's too valuable, anyhow, to waste three hours of it watchin' a feller fish that ain't gettin' a bite."—Harper's.

##### Legs at Bargain Prices.

Old Lady (to severely wounded soldier)—Poor man, have you lost your leg?  
Tommy—Yes, mum.  
Old Lady—Poor fellow! Do have an apple.  
Tommy (to his chum, when the old lady had departed)—Bill, I think I'll have my other leg off before she comes next week. I might get a banana.—Tit-Bits.

##### Worked the Wrong Way.

"I hear the grocer fired ye for swindling him," remarked John McFeline to his friend.  
"It's a lie," returned the latter. "He axed me to put a chunk of lead under wan of the scales an' I done it, an' thin in a few days whin he examined it he gave me the run."  
"Did ye not fasten the lead on properly or what?" asked McFeline.  
"Oh, I fastened it on right enough," was the reply, "but it was under the wrong side of the scales I put it, an' it weighed against himself."—Pittsburg Chronicle-Telegraph.

##### Feminine

"My husband is so jealous."  
"How absurd!"  
"Why, isn't yours?"  
"Of course not."  
"How humiliating!"—Boston Transcript.

Sherwin-Williams Paints and Varnishes, Floor Stains, Auto Enamels, Wall Paper and Window Glass. Geo. A. Thomas & Sons, Drugs and Jewelry.

#### PALACE OF SWEETS

STEDMAN & SHARPE, Props.

#### LIFT CORNS OR CALLUSES OFF

Doesn't hurt! Lift any corn or callus off with fingers

Don't suffer! A tiny bottle of Freezone costs but a few cents at any drug store. Apply a few drops on the corns, calluses and "hard skin" on bottom of feet, then lift them off. When Freezone removes corns from the toes or calluses from the bottom of feet, the skin beneath is left pink and healthy and never sore, tender or irritated.

##### The Magic Oil Can

It isn't steam that runs the trains; It isn't coal or steal. It isn't coin, it isn't brains, That moves each rod and wheel. Not all our strength and all our art And all our skill and toil Could even make an engine start Without a little oil. A locomotive will not mind Unless you use the can. The engine knows when you are kind, And likewise so does man. No use to urge and push and strain; No use to fume and boil; The world is just a railroad train That needs a little oil. —Henry I. Meyers, in Railroad Man's Magazine.

### J. L. BARMORE.

## The New Government Sales Tax:

All Automobiles, Tires, Tubes and Accessories bought by us and not in stock on February 25, will be subject to a five per cent Government tax.

We are fortunate in having on hand at that time, a big stock of everything in our line, and for this reason, are in a position to save our customers this 5 per cent on all such stock as we had on hand when this law went into effect.

We wish, especially to call your attention to the tax assessed against automobiles. All new cars taken into stock after February 25, will bear five 5 per cent government tax instead of three per cent as heretofore, which will make quite a nice sum to save on a new car.

This also applies to our big stock of Tires, Tubes and Accessories, which we have on hand.

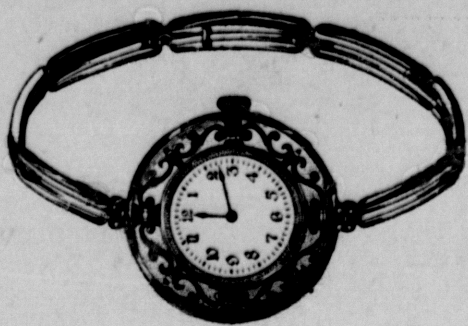

With these facts before you, no one can afford to wait until our stock is exhausted of these tax-free items.

We would therefore urge you to take advantage of our fortunate position and buy at this Great Saving, anything in our line that you need now or may need in the near future.

## Cam-Hi Weekly News

Edited by the Students of the Cameron High School.

Knox Tyson.....Editor-in-Chief  
Jack Logan.....Assistant Editor  
Walter Adams.....Senior Editor  
Gaston Barmore.....Junior Editor  
Stewart Epperson.....Sophomore Editor  
Lee Tag.....Freshman Editor

The two preceding issues of this Cam-Hi Weekly News have been edited by the freshman and sophomore classes. This week is Junior Week. We believe they have profited by the experience of the other two under classes and have brought out a paper that will make the seniors work hard to beat for next week. After the seniors have done their part for next week, the boys of the high school are to gather and write news for the following week, and the girls the week thereafter. Read the Cam-Hi Weekly News and you will know what is being done up here.

### General Science Spelling.

The general science class which is composed of Fish are adding some new words to their extensive vocabularies. From their text books, they pick out ten new words each week, and strive to learn them both in spelling and meaning. They have found this quite difficult, but this week both sections, A and B, have done well. In a spelling match this week between the two sections the following students were the best spellers: Alta Klawansky, Media Bailey, Mildred Favor and Lucille Ingram remained standing on the "A" side and Louise Adams, Robert Mayfield and Robert Gillon on the "B" side. The purpose of these spellings is to aid in increasing his vocabulary.

### Cam-Hi Orchestra Sacred Concert.

On Next Sunday, March 16, the Cam-Hi Orchestra will appear for the first time. The public is invited to be present in the high school auditorium at 4 o'clock p. m. to hear a sacred concert. The orchestra has been organized only since the holidays, but under the direction of Mr. Crawford it has made excellent progress, and although there are some new musicians in the organization most of the members were experienced players. Next week we will publish the entire personnel of the orchestra and also the program which will be given on Sunday afternoon. If you want to hear some good music and if you want to see how quickly a group of young people can be made into a first class musical organization, don't miss this first performance of the Cam-Hi orchestra. Admission free.

### Lost, Strayed or Stolen.

Lost—The melody of the orchestra. Finder please return to director J. N. Crawford.

Strayed—From the chemistry laboratory a large amount of hydrogen sulfide. Finder please return to some member of the chemistry third class.

Strayed—From Harriett Henderson, a quantity of "son-kist" hair. Its return will be appreciated by Miss Henderson.

Lost—Between sun rise and sun set, two golden hours, each set with sixty diamond minutes. No reward is

offered because they are gone—gone forever.

Found—One senior who will admit that the Junior are "the Class."

Found—In the junior camp, four perfectly good senior masculine hearts Same will be returned on asking.

Lost—Two good mustaches, return to Barmore and Epperson.

Lost—

In a moment of vexation, To a class of orchestration,

All the mysteries divine, Of that glorious fudge of mine.—

J. N. C.

Strayed—One perfectly good idea, unlabeled. Joint owners, Dailey and Smith. Liberal reward for return of same.

Lost—Several senior diplomas. Seniors—N. W.

Senior-Junior Picnic.

Friday Mr. Kidd announced to the high school they would receive a half holiday provided each member of the high school would bring a quarter, and buy a tag to save a child. The seniors and juniors called class meetings and the two classes gave checks for the amount expected from each class, but this would not do as Mr. Kidd wanted the cold cash. Monday morning at ten twenty, every class had gone over the top, and there was no question about getting the holiday.

A picnic had been planned by the seniors and juniors and when twelve o'clock came a number of cars had gathered at the school house. The girls had the eats and these as well as the boys and girls found room in the cars. They had planned to go to the McCown bridge so they went there and then decided to go to the Holtzclaw bridge as it was a better location. They made the trip with only one mishap, the car driven by Miss Irene Cheeves had a puncture which was fixed very easy and the crowd upon reaching their destination cleaned a spot of ground under the trees on the bank of the river and lunch was spread. You should have seen those seniors, they coupled up and filled shoe boxes to their full capacity and then went off where they could eat and talk at ease. Some of the teachers were as bad as the seniors for one one perfectly nice pupil and our German teacher filled their box and did as the seniors. Even our Spanish teacher helped fill a box and they sat on a log to eat it. Miss Goddard stood among the remaining boys and girls and it was hard to detect her from some sweet school girl who was having the time of her life. Honorable Patrick Kennon was on the job as snap shop Bill, and took several pictures of the crowd and individuals that wanted their fair countenances struck.

It was decided to have an indoor ball game out doors so Mr. Crawford looked for a good ball ground, and found one on the opposite side of the river. Everyone wanted to play ball so they went with Mr. Crawford. Sides were chosen by Coleman and Epperson who selected some of the teachers and girls as well as the boys, to help them win. With Crawford as ump and Knox Tyson as score keeper the big game began. Misses Cain and Goddard were the pinch hitters for Coleman and they nearly won the game. At the close of the ninth inning the score was 13 to 9 in favor of Epperson's "never losing" team. Every one was anxious to get home, so they started. Thus ended the first and only picnic of the year. Thanks to Mr. Kidd for the half holiday and we regret that he did not accompany us on the picnic.—

T. M. H.

### Athletics.

The junior base ball team, better known as the "million dollar outfield and airtight infield," finished the season by losing only one game—this was the only game played. The score was only 24 to 13 in favor of the opponents—which is the other side. The game was full of action especially for the senior outfield—who very seldom went out. When a junior held the bat with a mighty arm, the ball whistled as it passed the bat into the catchers hand. On both sides it showed that there was a great need for glue or something sticky so as to hold the ball in the hands. After nine innings of hard playing, which only lasted one week, the game came to an end.

The girls decided to have a game, so they got two of the best players?? and these two chose. Then the game started with anywhere from twelve to forty-eight on one side, and at the end of the game the side that beat must have won, if neither side won it was a tie (not a necktie.) But the few words that both sides used after the game were: "We beat" "No you didn't." "We beat"—now form your own opinion as I am still single.

Norther, Northen. Track Team Working—Brrr—Brrr.

Tennis has been neglected owing to the frequent rains, but as there is water on the tennis grounds, boats are successfully operated.

Base ball started and the players eyes look as if the other got to them first. But, Oh! the team that matches Cam-Hi.—W. J. P.

### Smiles Column.

In a game between Slip-up-and-tie and Scratch-Ankle:

Irene—"Miss Rose, what is the score?"

Miss Rose—"Five and——"

Irene—"Oh, are we ahead."

Raymond T. (talking to a Jew druggist) "How much is this bottle?"

Druggist—"Five cents alone but if you want something in it—the bottle will cost you nothing."

Raymond—"That sounds reasonable Put a cork in it please."

At the city hospital Cecil was asked: "Have you pajamas?" "No," replied Cecil, "the doctor said I had mumphs."

Verna Roberts has recently moved to Cameron, so a great many things were new to her. Going down the street one day, she heard a Mexican shouting "Hot tamales, Hot Tamales."

Verna exclaimed in surprise, "How in the thunder does he know it is going to be hot tomorrow?"

"Smell anything bad Ma?" asked Bud who was laying on the floor drawing. His mother assured him that she did not. "You ought to," replied Bud, "I have just drawn a skunk."

Wound Up.

Starting with a wonderful burst of oratory, James Coleman, orator, had become rather hoarse after two hours of steady speaking.

The mother of a freshman in the crowd whispered to her son, "Isn't it wonderful? What do you think of him?"

"He needs a new needle," returned the freshman sleepily.

Mrs. Gillis—"You're late again Mildred. Tell that young man of yours that this won't do, you know late hours are bad for one."

Mildred—"All right, sister, but they're splinted for two."

Interscholastic Track Meet.

Our superintendent Mr. Kidd, received word from the county superintendent that the interscholastic meet will be held here on Friday, March 28. In addition to the track meet there will be a boys and girls spelling contest.

The high school has also written to Thorndale for a base ball game to be played on this day. All that expect to enter this meet have already begun practicing. We hope to carry off highest honors.

This is the first year that Cam-Hi has had an organized base ball team. Nevertheless we have a promising young set of players and expect to play some good ball.

Our track team has always been good and this year we expect it to surpass old records. Great enthusiasm is shown among the men, especially in high jumping, broad jumping and in vaulting.

Card of Thanks.

The junior chemistry class wishes to thank the Palace of Sweets for furnishing some samples of sugar and glucose for test work in the laboratory. We found them pure and feel safe in eating candies made from them.

Experts Advice.

The young man sidled into the jeweler's shop with a furtive air. He handed the jeweler a ring with the stammered statement that he wished it marked "with some names."

"What names do you wish?" inquired the jeweler in a sympathetic tone. "From Henry to Clara," the young man blushingly whispered.

The jeweler looked from the ring to the young man and said in a fatherly manner: "Take my advice, young man, and have it engraved simply, 'From Henry.'"—Argonaut.

Cause for Thanking.

An Irish farmer, waking up in the night, saw an apparition at the foot of the bed. He reached out for a gun and perforated the ghost with a bullet. In the morning he discovered that he had made a target of his own shirt.

"What did you do then?" inquired the friend to whom he told the story. "I knelt down and thanked God that I hadn't been inside it," said the farmer piously.—Youth's Companion.

# Garden Planting Time is Here

Prospects for profitable home gardening were never better. The season in the soil is so deep that it is now possible to grow a fine garden on back-yard spaces, where to do so for the last two years would have been impossible, so

# Triggs Dry Goods Co.

ADVERTISERS OF FACTS CAMERON, TEXAS

Methodist Church, Sunday, March 16.

Last week I was conducting a meeting at Milano. In the course of that meeting something was said about a man robbing God. A citizen of Cameron accosted me and stated that, if I said that a man who withheld his tithe was a robber, by the same authority that I proved this he could prove that I was a liar.

As I did not say that a man who withheld his tithe was a robber I did not take this to myself.

"Will a man rob God? Yet ye rob me. But ye say, wherein have we robbed thee? In tithes and offerings."—Malachi III:10.

I am quite sure that Malachi can take care of his own character; but as he had this epithet bestowed upon him on account of my association, I feel that I should say a word in his defense, as he isn't here to do it himself.

So my subject Sunday morning will be—"Was Malachi a Liar."

Incidentally, if Malachi said in Jerusalem, several hundred years before the birth of Christ, would he be a liar today?

Night service by the pastor. Subject, "The Downfall of Venice." W. G. Harbin, Pastor.

Try a Want Ad in The Herald.

Recruiting at Camp Travis Active recruiting for the United States army has been started at Camp Travis. This cantonment bids fair to become one of the largest recruit depots in the Southwest. Captain W. B. Martin, Medical Corps, U. S. Army, has been appointed Recruiting Officer. Captain E. H. Kelter, Infantry, U. S. Army, is in charge of the recruit depot post. Recruiting offices have been opened at the corner of Avenue "F" and 9th Street, Camp Travis, Texas.

Under orders of the War Department, previous service men are being accepted as recruits for one year's service, with the privilege of one month's furlough if they are discharged from their present organization for enlistment. These men are also granted the cent a mile furlough rate if they desire to visit their home.

Men who have not had previous military training service are obliged to enlist for a three-year period. This class of recruits must also be without dependents.

Men enlisting, will be allowed to select the branch of service they desire in so far as is possible. At the present time so many vacancies exist in the different arms of the service that there will be little trouble in obtaining the assignments desired. All men enlisted will be assigned to temporary infantry duty at Camp Travis.

They will be sent to various and posts throughout the United States as needed to fill units.

Mr. and Mrs. Jim Chadwick and Mrs. B. Slocumb were visitors in Temple the first of the week.

Mr. and Mrs. Dick Clark went to Caldwell in their car Tuesday night where Mrs. Clark and Theda Mae will visit for several days. Dick returned that night on the Santa Fe.

## SATURDAY LAST DAY FOR TAX STATEMENTS

Those Who Neglect To File Returns Are Subject To Penalties.

Warning has been issued by Internal Revenue Collector Roper that persons who fail to file income tax returns with revenue collectors before next Saturday night will be subject to prosecution. He called on honest taxpayers to aid in the round-up of slackers by reporting any information they might have which would assist in detection.

Those who merely neglect to file returns are subject on prosecution to a fine of not more than \$1,000 and those who "wilfully refuse" are subject to a fine of not more than \$10,000 or imprisonment for one year, or both.

Means of detecting tax dodgers include the posting as soon as possible in each revenue district of the names of persons who have filed returns and the checking over of reports of "information at the source," made by persons who have paid more than \$1,000 last year to any individual or business interest.

Commissioner Roper called attention to the extension of forty-five

days allowed taxpayers who are unable to file complete returns by next Saturday, providing they report an estimate of the tax due by that time, together with a payment of at least one-fourth of the estimated tax. This applies to both corporations and individuals.

### Cut Worm Control.

Farmers and gardeners may expect within the next few weeks more or less injury from cut worms, says R. E. McDonald, of the Division of Entomology, State Department of Agriculture. He says that the cut worms stay in the ground during the winter, and begin to attack young plants as soon as they come up. He advises gardeners to put around newly set plants an old tin can with the top and bottom melted off. The cans should be slit down the sides so they can be removed later without injury to the plants. Ordinary paper, rather stiff, will serve the purpose as well. This scheme will prevent the worms approaching the plants, but of course this is not practical for field crops. Cut worms will readily eat poison bait if put out about sundown in little lumps about two or three feet apart. The bait should be made as follows: Take 20 pounds of wheat bran and mix an equal amount of fine saw dust with it.

Now, thoroughly mix in dry, one pound Paris green.

Get one gallon strong smelling molasses and six lemons.

Chip the lemons in fine parts, and thoroughly mix all together, using

Mr. and Mrs. A. E. Brady are in receipt of a wire from their son, Lieut. Vivian Brady, from a camp in Boston saying that he has arrived safely from overseas. The family expect him home in a short time.

### Proclamation Calling A Special Election in Cameron, on Tuesday, April 1, 1919.

Whereas, at the regular March session of the City Council of the City of Cameron, the following resolution was adopted unanimously, viz:

"Whereas, on this fourth day of March, 1919, the petition of T. S. Henderson and one hundred and fifty other property tax paying voters of said city was presented to the City Council of said City of Cameron requesting that the question of whether or not a special ad valorem tax of not to exceed seventy-five cents on the one hundred dollars valuation of all property situated in said city shall be levied by said city for school purposes as provided by Arts. 925, 2876, 2877, 2878 and 2879 of the Revised Statute of Texas as amended by the Acts of the Thirty-fifth Legislature approved March 30, 1917 and October 30, 1917; and the Council finds that said petition bears the required number of signatures of property tax paying voters of said city according to the last assessment rolls of said city and that said petition is in every respect in conformity with law; and whereas,

the Independent School District of the City of Cameron is identical in area and boundaries with the areas and boundaries of said city; and whereas the said city has hitherto assumed control of the public free schools of said city in the manner required by law and is entitled to the privileges and benefits conferred upon cities and towns by said Arts. 925, 2876, 2877, 2878, and 2879 of the Revised Statutes of Texas as amended as aforesaid, therefore:

IT IS HEREBY ORDERED AND DIRECTED BY THE CITY COUNCIL OF CAMERON that a special election be and the same is hereby ordered to be held in said city at the usual polling place and within the hours prescribed by law on the first Tuesday of April, 1919, the same being the first day of April, 1919, to determine whether or not the majority of the legally qualified tax paying voters of the said city and district, as shown by the last assessment rolls of said city, desire that a special ad valorem tax not to exceed seventy-five cents on the one hundred dollars valuation of property situated within the said city and district be annually levied and collected for the public

school purposes as provided by the Arts. 925, 2876, 2877, 2878 and 2879 of the Revised Statutes of Texas as amended by the acts of the Thirty-fifth Legislature approved March 30, 1917 and October 30, 1917.

A. H. Baskin is hereby appointed as presiding officer of said election and he shall select two judges and two clerks to assist him in holding the said election and he shall within five days after said election has been held, make due return thereof to the said City Council of Cameron as is required by law for holding a general election in cities and towns.

The ballots of said election shall have written or printed on them the following:

"For the levy and collection of a special tax not to exceed seventy-five cents on the one hundred dollars valuation for public free school purposes."

"Against the levy and collection of a special tax not to exceed seventy-five cents on the one hundred dollars valuation for public free school purposes."

The mayor of this city is directed to issue his proclamation ordering said election in the manner required by law and the ordinances of this city.

Therefore, be it known that I, John B. McLane, Mayor of the City of Cameron, Texas, do hereby order and proclaim that on the first Tuesday of April, 1919, the same being the first day of said month a special election will be held in Cameron at the usual polling place and within the hours prescribed by law for the purpose of determining whether or not a special ad valorem tax of not to exceed seventy-five cents on the one hundred dollars valuation of property situated in said city shall be annually levied and collected, as provided by said resolution of the City Council; and that the ballot contain the proposition as provided by said resolution and that none but qualified voters who are property tax payers as shown by the last assessment rolls of said city be permitted to vote at such election.

That A. H. Baskin is appointed presiding judge at said election, and that he do appoint two assistant judges and two clerks to assist him, and hold said election and the time and place stated in said resolution and due returns thereof make, and all in the manner directed by said resolution and the laws of the state.

Witness my official signature at Cameron this the fourth day of March, A. D. 1919.

(SEAL) Jno. B. McLane,  
Mayor of the City of Cameron.

Presbyterian Church.

In the absence of the pastor last Sunday morning several of the men of the congregation had charge of the service. It was a good service and some fine talks were made.

Next Sunday the 16th, the yearly canvasses for local and mission causes will be made. The congregation will be visited by the canvassers between two and six, and there will be a report meeting at night. There will be the regular services.

Mrs. J. E. Watts and little Miss Martha King Watts of Taylor spent a few hours with Mrs. J. W. Coleman Wednesday afternoon.

## IS HIT BY SHELL WHICH KILLS FOUR OF UNCLE SAM'S MEN

Y. M. C. A. Man Returns With Story of Finding Huns in French Uniforms.

Under shell fire and gas for three weeks, the buildings in which he ran his canteen hit six times, and finally knocked out by a shell which killed four men, wounded thirty and put him in a hospital for two months, Guy A. Willis, a Grand Rapids lumberman, has returned on crutches from France with some evidence of the zeal with which the Y. M. C. A. canteen men worked with the troops in the St. Mihiel and Argonne drives.

Willis was attached to the Three Hundred and Fifty-fifth regiment, Eighty-ninth division. In the Toul sector, which the division held until the St. Mihiel drive began, Willis' Y. M. C. A. outfit had a canteen near Mont Sec, at Beaumont, and one of his pleasant jobs was to drive almost daily around the famous Dead Man's curve on trips to get supplies for his canteen. Willis entered Benny, in the St. Mihiel drive, three hours after the Germans had been thrown out of it.

In a shell-wrecked building he found a German kitchen with three big cauldrons. For several nights he made cocoa—hundreds of gallons a night—which was rushed in cans, shell cases,

GUY A. WILLIS.

palls and whatever else came handy out to the boys. Three times shells crashed through what was left of the roof of the building in which the Y. M. C. A. had set up shop, but they kept on at their work and ran the canteen there for three weeks, until they were shifted to the Argonne.

While at Benny Willis was busy in the canteen one night when two officers entered. They wore uniforms of the Fifteenth French artillery. The canteen was full of doughboys getting cigarettes and chocolate, and the Frenchmen, who seemed in a great hurry, picked up several pieces of chocolate and started to go out. Then they hesitated and turned back toward the counter. As they did so a doughboy heard one of them say to the other, "Wie viel?" (How much?).

A group of eight or ten doughboys entered at that moment, and in the crowding and jostling and dim light the soldier who had heard the remark lost sight of the officers for a moment. When he looked for them again they had vanished. Headquarters was telephoned that spies had been in the canteen, but the pair made good their escape in the darkness.

In the Argonne drive Willis was at work in a first-aid station when Captain Baker was wounded in the barrage. Willis went back through the barrage, serving as a litter bearer, and helped carry wounded down through the mud for four kilometers to the ambulances.

Two days before the last drive in the Argonne Willis went back into the village of Romagne to get supplies for a first-aid station. As he entered the town the Germans opened up on it with a battery of 88s, and the second shell sent over landed in the street within twenty-five feet of him. The shell killed two soldiers on a truck, setting fire to the gasoline tank and cremating one of the men. Two others were killed and thirty wounded, one of whom was Willis, a piece of steel being driven through his foot.

The field hospital to which he was taken had been shelled ten minutes before he arrived, and four hospital attendants and several engineers had been wounded. A few minutes later some German airmen came over and bombed the place, one of the bombs ripping a piece of cloth from under the head of a doughboy two stretchers away from the Y. M. C. A. man. The doughboy was not even scratched.

## Willard

STORAGE BATTERY  
SERVICE STATION

## Battery "Maybes"

Maybe your battery is in perfect condition.

Maybe the water level is up just where it ought to be (½ inch above the plates.)

Maybe the battery is being kept charged as it should be.

But why take a chance?

A glance into each cell will tell you just where the water level is.

A two-minute hydrometer test will give you exact figures on the state of charge of every cell.

Or better yet, call on us and we'll do these things for you and give you the benefit of Willard consulting service.

### ORDER OF ELECTION

Whereas, the ordinances of the city of Cameron, Texas, require the holding of a regular election of officers whose terms expire, for the year 1919-1921, for the city of Cameron, and whereas, the City Council of the City of Cameron has failed to order said election.

Therefore, I, Jno. B. McLane, mayor of the city of Cameron, do hereby order that an election be held in said City of Cameron on the 1st day of April, A. D. 1919, the same being the first Tuesday in said month, for the purpose of electing the following officers to-wit: Three aldermen to succeed Aldermen Oxsheer Smith, J. D. Dobbins and J. C. Joseph, whose terms of office expires on said date.

Said election shall be held in the city hall of City of Cameron and the following named persons are hereby appointed managers of said election and for all other elections which may be held in and for said city during the year 1919; A. H. Baskin as presiding

judge and such assistants and clerks as he may require to be appointed by the said A. H. Baskin to assist him in accordance with law. The manner of holding said election shall be governed by the laws of the State of Texas and of the City of Cameron regulating general elections.

A copy of this order shall be published in the Cameron Herald, the official organ of the City of Cameron, for at least thirty days prior to the date of said election.

Given under my hand and official seal of office this 4th day of March, A. D. 1919, at Cameron, Texas.

(SEAL) Jno. B. McLane,  
Mayor of City of Cameron.

Attest:  
T. C. Stafford,  
City Secretary-Treasurer.

### NOTICE ROAD BOND ELECTION

#### STATE OF TEXAS, COUNTY OF MILAM.

On this the 27th day of February, A. D. 1919, the Commissioners' Court of Milam County, Texas, being in special session came on to be considered the petition of Walker Cox and 64 other persons praying that bonds be issued by Road District No. 16 of Milam County, Texas, in the sum of Thirty Thousand (\$30,000) Dollars bearing interest at the rate of 5½ per cent per annum, maturing serially; that is, one bond in the sum of One Thousand (\$1,000) Dollars to mature each year from the date thereof for 30 years, for the purpose of constructing, maintaining, and operating macadamized, gravelled, or paved roads and turn pikes or in aid thereof. And it appearing to the Court that said petition is signed by more than 50 of the resident property tax-paying voters of said Road District No. 16 of Milam County, Texas, said Road District No. 16 having been established by an order of the Commissioners' Court of Milam County, dated the 31st day of January, A. D. 1919, of record

in book 6, page 480 of the minutes of the Commissioners' Court of Milam County, Texas, within the following metes and bounds, to-wit:

Beginning at the N. E. cor. of the W. T. Williams 159 acre tract on the Wm. Punchard league; thence S. 60 W. with the N. line of said Williams tract 300 vrs. to a point in public road for the beginning corner of this; thence S. 60 W. 605 vrs. to the N. W. corner of F. F. Reed's 80 acre tract; thence S. 30 E. with the W. line of said Reed tract about 1050 vrs. to Big Pond Creek; thence up the creek with its meanders to the S. line of V. A. Kubecka 123 acre tract; thence S. 60 W. with the S. line of Kubecka tract 300 vrs. to his S. W. cor; thence N. 30 W. 330 vrs. with the W. line of said Kubecka tract to the S. E. cor. of C. F. Everetts 76½ acres on the Wm. Punchard league; thence S. 60 W. with Everetts S. line 480 vrs. to his S. W. corner in the E. line of H. Stoenber 149 acre tract; thence S. 30 E. with said E. line 560 vrs. to his S. E. corner; thence S. 60 W. 1419 vrs. with the S. line of said Stoenber tract and S. line of J. E. Forest tract to his S. W. corner in the Clarkson and Burlington road;

thence S. 30 E. with said road and with the W. line of E. Rotan 144½ acres 1210 vrs. to his S. W. corner in the N. line of the E. Vogelsang 302 acres on the G. B. Erath grant, also the S. E. corner of Georgia Perkins 50 acre tract on the John Benson grant; thence S. 60 W. about 880 vrs. to the E. line of the Ben Arnold Road District No. 18; thence S. 6 E. with E. line 150 vrs. to E. Dickman's E. line; thence with said Dickman's E. line 1950 vrs. to Fritz Ohlenbusch 178 acres; thence with said Ohlenbusch E. line 1552 vrs. to the S. E. corner of same and the S. W. corner of E. Vogelsang 313 acres thence N. 60 E. 121 vrs. to Little Pond Creek; thence S. with the meanders of Little Pond Creek to the S. W. Corner of H. Schwarting 206 acres on the Newsom Gwatney grant; thence with Schwarting S. line and R. L. Batte's N. line N. 60 E. 390 vrs. to the S. E. corner of said Schwarting tract; thence N. 30 W. with Schwarting E. line and B. P. Atkinson's W. line 757 vrs. to Atkinson's N. W. corner of 210 acre tract on Newsom Gwatney grant; thence N. 60 E. 916 vrs. with the N. line of said Atkinson tract and S. line of said Schwarting tract to the N. E. corner of said Atkinson 210 acres and the N. W. corner of said Atkinson's 45 acres; thence S. 30 E. with said Atkinson's 210 acres and the W. line of Mrs. Bass 110 acres 1884 vrs. to the S. W. corner of said Bass 110 acres and the S. E. corner of said Atkinson's 210 acres in the N. line of J. J. Anderson 65 acres on the A. Frazier grant; thence N. 60 E. with S. line of said Bass 110 acres and 120 acre tracts 1238 vrs. to S. E. corner of said 120 acres in the Clarkson and Jones Prairie Public Road at the N. E. corner of the A. Frazier grant in the W. line of J. J. Whitesides grant; thence N. 30 W. with the E. line of Mrs. Bass 120 acres and Mrs. Bass 65 acres 1351 vrs. to the N. E. corner of said 65 acres; thence N. 60 E. 1678 vrs. with the N. line of G. J. McLerrans land to the N. E. corner of his 100 acre tract on the J. J. Whitesides grant; thence N. 30 W. with the E. line of J. A. Franklin 114 acres and the W. line of P. H. McKinney 114 acres on the Whitesides grant 1081 vrs. to N. W. corner of said McKinney tract in the public road on the S. line of the S. P. Skinner tract; thence N. 60 E. with N. line of said McKinney tract and the S. line of Skinner tract 628 vrs. to N. W. cor.

of R. C. White 200 acre tract; thence S. 30 E. with W. line of said White tract 703 vrs. to her S. W. corner; thence N. 60 E. with the said White's line 1401 vrs. to a corner in the W. line of John Watson 240 acre tract on Whitesides grant; thence N. 30 W. 703 vrs. with Watson's W. line and Whites E. line to Whites N. E. corner and Watson's N. E. corner; thence N. 60 E. 468 vrs. with N. line of said Watson tract to his N. E. cor. and the S. E. corner of S. P. Skinner 661 acres in the W. line of Steve Marak's tract; thence N. 30 W. with Skinner's E. line 1602 vrs. to his N. E. corner; thence S. 60 W. 1600 vrs. with N. line of said Skinner tract crossing Big Pond Creek to S. W. corner of Gilbert Cribbs league and the S. E. corner of the Thomas Dillard grant; thence N. 30 W. with the E. line of S. P. Skinner's 96 acres and L. Fuessels 83½ acre tract and Perry Wimberly 207 acre tract 2600 vrs. to the N. E. corner of said Wimberly 207 acres also the N. E. corner of Thomas Dillard grant; thence N. 30 W. 250 vrs. to N. E. corner of the Wimberly 34 acres on the M. M. Valdez grant; thence S. 60 W. with the N. line of said 34 acres to the S. E. corner of Z. A. Booth 68 acres; thence N. 30 W. 1159 vrs. with the E. line of said Booth 68 acres and the E. line of S. G. Hensley's land to his N. E. corner; thence S. 60 W. 1087 vrs. to S. G. Hensley's N. W. corner in the E. line of G. W. Pollis 50 acre tract on the Wm. Punchard grant; thence S. 30 E. 210 vrs. with the E. line of said Pollis tract to his S. E. corner same being the N. E. corner of the Lloyd Mitchell 161 acre tract; thence S. 60 W. with Mitchell's N. line 1590 vrs. to the N. E. corner of Mrs. S. E. Threadgills 253 acres; thence S. 30 E. with the E. line of said Threadgill tract and the E. line of Mrs. K. W. Lebaume 220 acre tract 1256 vrs. to the place of beginning, containing 8360 acres, more or less, being 1268 acres on the Nesome Gwatney grant, 1864 acres of the J. J. Whitesides grant, 1107 acres on the Thomas Dillard grant; 246 acres of the M. M. Valdez grant; 242½ acres of the Wm. Punchard grant; 144 acres on the John Benson grant; 295 acres of the G. B. Erath grant; 313 acres of the Joseph A. Tivey grant, 384 acres of the John W. Porter grant and 14 acres of the Ransom Moore grant.

It is, therefore, considered and ordered by the Court that an election be held in said Road District No. 16, of Milam County, Texas, on the 5th day of April, A. D. 1919, which is not less than 30 days from the date of this order to determine whether or not the bonds of said Road District No. 16 of Milam County, Texas, shall be issued in the amount of \$30,000, bearing 5½ rate of interest and maturing serially; that is, one bond in the sum of \$1,000 to mature each year from the date thereof for 30 years; and whether or not a tax shall be levied upon the property of said Road District No. 16 of Milam County, Texas, subject to taxation for the purpose of paying interest on said bonds and to provide a sinking fund for the redemption thereof at maturity.

Notice of said election shall be given by publication in a newspaper published in said county for four successive weeks before the day of said election, there being no newspaper published in said Road District No. 16, Milam County, Texas, and in addition thereto there shall be posted notices of such election at three public places in said Road District No. 16 of Milam County, Texas, for three successive weeks prior to said election.

Said election shall be held at Clarkson in said Road District No. 16, Milam County, Texas, and Walker Cox is hereby appointed manager of said election.

Said election shall be held under the provisions of Articles 627 to 641, inclusive of Chapter 2, Title 18, Revised Statutes, 1911, and as amended by Chapter 203, Acts of 1917, and only qualified voters who are property tax payers of Road District No. 16 of Milam County, Texas, shall be allowed to vote and all voters desiring to support the proposition to issue bonds shall have written or printed on their ballots the words:

"For the issuance of bonds and the levying of the tax in payment thereof."

And those opposed shall have written or printed on their ballots the words:

"Against the issuance of bonds and the levying of the tax in payment thereof."

The manner of holding said election shall be governed by the laws governing general elections in this state.

A copy of this order signed by the county judge of said county shall serve as a proper notice of said election and the County Judge is directed to cause said notice to be published in a newspaper published in said Milam County for four successive weeks next preceding such elections, there being no newspaper published in said Road District No. 16 of Milam County, Texas, and cause to be posted a notice thereof at three public places in Road District No. 16 of Milam County, Texas, for three successive weeks prior to said election.

A true copy, I certify.

## Life Was a Misery

Mrs. F. M. Jones, of Palmer, Okla., writes: "From the time I entered into womanhood . . . I looked with dread from one month to the next. I suffered with my back and bearing-down pain, until life to me was a misery. I would think I could not endure the pain any longer, and I gradually got worse. . . Nothing seemed to help me until, one day, . . . I decided to

TAKE

# CARDUI

The Woman's Tonic

"I took four bottles," Mrs. Jones goes on to say, "and was not only greatly relieved, but can truthfully say that I have not a pain. . .

"It has now been two years since I took Cardui, and I am still in good health. . . I would advise any woman or girl to use Cardui who is a sufferer from any female trouble."

If you suffer pain caused from womanly trouble, or if you feel the need of a good strengthening tonic to build up your run-down system, take the advice of Mrs. Jones. Try Cardui. It helped her. We believe it will help you.

## Ugh! Calomel Sickens; Salivates!

## Please Try Dodson's Liver Tone

I am sincere! My medicine does not upset liver and bowels so you lose a day's work.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into sour bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your

druggist sells for a few cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. Give it to the children as well.

### Training Little Children

In The Kindergarten Children Are Taught Such Homely Virtues as Obedience, Kindness, Orderliness—They Also Acquire Valuable Information and Develop the Power to Do Many Useful Things.

Suggestions by mothers who have been kindergartners. Issued by the United States Bureau of Education, Washington, D. C., and the National Kindergarten Association, 8 West Fortieth Street, New York.

(By Mrs. Louise Guldin Simenson)

A garden is a place where a plant receives the nurture it needs for its development, the proper amount of heat, light and moisture. So a kindergarten may be thought of as an enclosure where each child is supplied with the right conditions for its development—no forcing nor pushing, just a natural unfolding of life.

Considering how much a child learns during his first six years, how important it becomes that he should be supplied with just the right material and the most intelligent supervision!

All the virtues are developed in kindergarten. The first and most important one for a child to learn in early life is obedience. We mothers know how difficult it is to establish this habit. Now the kindergarten believes that a child may be led into obedience without being forced into it and it uses many devices to strengthen the habit of obedience during the early years.

One of the ways in which kindness is taught in the kindergarten is to have the children prepare and give gifts at Christmas and Easter, Valentine's Day and May Day.

Courtesy is developed through

games and stories.

The habit of orderliness is started by requiring the children to put their playthings away neatly when they are through with them, and they instinctively acquire a sense of order from the orderly procedure followed in the plays and games and work.

The stories used in kindergarten are such as all children love to hear. They are written by experts in child study, and prepared and told in an interesting manner. While they are always amusing and delightful, they also contain a vital truth which sinks deep into the subconscious mind, imperceptibly teaching the children some important moral or ethical lesson. We mothers little know how much of the courtesy, cheerfulness and gentleness which our little ones seem naturally to possess may be traced back to some impressions made upon their plastic minds through these stories.

Kindergarten games strengthen and develop the muscles and develop fairness, service and appreciation of the rights of others. Some of the games draw the child's observation to the workaday world about him, awakening an appreciation of what the farmer, the miller, the grocer, the baker are doing for all of us, and thus arousing the first dawning sense of responsibility in regard to the work of the world. These games foster and develop gratitude, a trait lacking in many persons.

The music and songs of the kindergarten appeal strongly to the child. All that the child feels within he must be given frequent opportunity to express without, for, as Froebel says, even affection may die in a child if not properly nourished. The following song is part of a game in which the children play they are gathering flowers for father's birthday:

**The Flower Basket.**  
Weave the little basket, fill it up with posies,

Roses from the garden, blossoms from the wood.

Without birthday wishes, with our songs and kisses,  
Give it to the father, dear and kind and good.

With smiles and with singing,  
Our gift we are bringing;  
But love is the treasure  
We give without measure.

—Emily Huntington Miller.

A child feels a great deal which he cannot express in words. Froebel noted the restlessness of the little child and his constant use of his hands. He therefore devised a series of occupations appropriate to this mental stage. Ella Flagg Young said recently that the child-mind to be trained efficiently must have much emotional as well as purely academic or intellectual experience. She spoke of the industrial work of the school as giving this in its most wholesome form and said that every time the child's hand grasped a tool with which he might work out an idea he had an emotional impulse that benefitted him. Now the child in kindergarten is given material and tools and allowed to work out his own ideas. Thus the powers of imagination and creativeness are kept alive instead of being allowed to die out, perhaps never to appear again, as is the case with so many people.

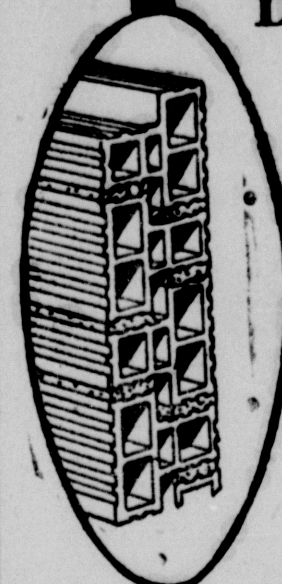

Such construction work has helped my children greatly, for, after they come home from kindergarten, they always want to make things, and if I supply the material, appreciation and interest in what they are doing, they pass many busy happy hours during the afternoons in severe winter weather when it is too cold to play outdoors. It has developed their ingenuity to a remarkable extent, until now they see possibilities in almost everything.

For instance, from the cards found in milk chocolate packages they cut out the pretty houses and barns, mount them on stands and make villages.

They cut away one end of a gelatine box, put gables on the other end, and cut doors and windows in the sides.

From oatmeal boxes they cut out the figure of the man, and also cut out the letters for making little words or learning the alphabet.

In a picture book which they had themselves colored and become tired of they found pictures of a wolf and some flowers. These they cut out and mounted. On an old calendar they found a picture of a little girl re-

A SECTION OF INTERLOCKING TILE WALL  
The tiles interlock, and their upright sections stand directly over each other, giving great strength. Mortar joints are interrupted, insuring no seepage of moisture. The many horizontal dead air spaces insulate against cold and heat.

## Fire-Proof, Weather-Proof Durable and Inexpensive Buildings

The buildings that are going to be put up in this vicinity—the factories, warehouses, business blocks, schools, garages or whatever else—big or little—will be SAFER and BETTER structures if the walls are built of

### INTERLOCKING TILE

They will be FIRE-SAFE. Interlocking Tile not only cannot burn but it will not disintegrate under intense heat as brick very often does.

They will be WEATHER-PROOF. Mortar joints are interrupted by air space—do not run clear through the wall—and moisture cannot seep through.

They will be WARM IN WINTER and COOL IN SUMMER. The many dead air spaces in the walls insure that.

They will be as STRONG and DURABLE as though made of brick, and much LIGHTER IN WEIGHT. Their low cost will surprise you.

Let us prove to you the superiority of Interlocking Tile for ANY building, as well as for many improvements that can be made with it on present buildings.

sembling Red Riding Hood, which they also cut out and mounted. Thus, with the wolf and the flowers and the little girl, they were able to picture out the whole story, all from materials which would have otherwise been destroyed. I think it is their kindergarten training which has developed such ingenuity in the children.

Please pass this article on to a friend and thus help Uncle Sam reach all the mothers of the country.

### LEMONS WHITEN AND BEAUTIFY THE SKIN

Make This Beauty Lotion Cleaply For Your Face, Neck, Arms and Hands.

At the cost of a small jar of ordinary cold cream one can prepare a full quarter pint of the most wonderful lemon skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whitener and beautifier.

Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quarter pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It is marvelous to smoothen rough, red hands.

## Nux-I-Tone

Spanish Influenza leaves the system in a seriously rundown and weakened condition; for a quick and complete recovery we recommend Nux-I-Tone.

This Tonic containing Iron and Nux Vomica in combination with Beef and Wine is recommended for convalescents, weak women, aged persons and delicate children. Of special benefit to persons who do not have sufficient iron in their blood, as indicated by paleness and anaemic conditions.

Nux-I-Tone is an excellent strengthening tonic in pale, weak and run-down conditions, increasing vitality. It is an agreeable and satisfactory tonic for run-down individuals who wish to regain their strength and for delicate children who need iron in their blood. Price One Dollar.
